THURSDAY MORNING, VOL. XXXII, JUNE 3, 1920.

COLUMBIA HONORS NOTED CITIZENS

NEW YORK, June 2.—[By Associated Press.] Columbia University at its 156th commencement exercises today conferred honorary degrees upon Henry P. Davison, Herbert C. Hoover, Bishop Charles J. Coughlin, Rear-Admiral William S. Sims and Gen. John H. Brent.

MAY END WAR-TIME DRY ACT

Instead Measure is Ordered Out by the House Committee.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 2.—By unanimous vote the House Judiciary Committee today ordered out a resolution repealing all war-time legislation excepting the Lever Food Control Act, the Trading With the Enemy Act and the District of Columbia anti-prostitution act.

The war-time Prohibition Act also will be repealed by the resolution. The committee also ordered out a resolution repealing the war-time Prohibition Act, which was approved by the House. It now goes to the President.

Representative Ford, chairman of the committee, said the committee had placed more laws on the statute books than any Congress that ever sat.

The Senate adopted the conference report on the Naval Appropriation Bill, which was approved yesterday by the House. It now goes to the President.

Representative Ford, chairman of the committee, said the committee had placed more laws on the statute books than any Congress that ever sat.

LATE MORNING NEWS

CLIMBER GETS VALUABLE FUR COAT
A porch climber ransacked the home of Mrs. Lucy Daurwald, 222 West Twenty-seventh street, while the family was away last night and got a fur coat valued at \$400 and a few other articles.

EPIDEMIC PLAGUE SCARE IN MEXICO
VERACRUZ (Mex.) June 2.—Search of the area infected by epidemic plague throughout the entire day and half of the night Tuesday resulted in discovery of only one suspected case of the disease. There were no deaths from bubonic during this period.

PRESIDENT VETOS "BAD GRAMMER"
WASHINGTON, June 2.—Because of "bad grammar" President Wilson today vetoed a bill to make the interstate transportation of obscene motion pictures a felony. The President in his veto message said transportation of a phrase in the bill made it ambiguous.

MARINES WOUNDED IN CLASH WITH POLICE
CHICAGO, June 2.—Two marines were wounded tonight in a clash with Chicago police during an attempt by the marines to break up a negro hotel. The marines were ordered to clear the hotel by the police. According to the police, the marines had threatened to burn the hotel. Patrolmen and provost guards from the Great Lakes naval training station surrounded the hotel earlier, fearing a riot. According to the authorities, several hundred marines and police led by a man carrying an American flag, attempted to storm the hotel, but were forced back. Two of the attackers were arrested.

Irish Sympathizers Burn British Flag in U. S. National Capital

FEDERAL JUDGE WHACKS PROFITEERS HARD BLOW.

Utica Clothing Firm Fined \$55,000 for "Gouging," Palmer Attacked by Sugar Investigating Body.

(BY A. P. NIGHT WIRE.)
SYRACUSE (N. Y.) June 2.—The John A. Roberts Corporation of Utica, dealers in wearing apparel, was today fined \$55,000 by Federal Judge Harland B. Howe, following its conviction of profiteering on eleven counts.

In imposing the fine, the heaviest the law would permit, Judge Howe said:

"I believe that convicted profiteers should be sent to jail. That would do more than anything else to impress the merchants who are doing business that they must conduct themselves to fair and reasonable profits."

"But the defendant being a corporation in this case, there can be no prison sentence. I believe it is plainly the duty of the court to impose the maximum sentence, which is \$500 on each count, or a total of \$55,000, and such is the sentence of this court."

The indictment contained thirteen counts. Of these the jury refused to consider two and returned a verdict of conviction on the others.

Ten of these covered sales which the government charged were actually made. The sales, as explained by the government, were:

A dress bought for \$14.75, sold for \$25; a dress bought for \$18, sold for \$32; a woman's suit bought for \$24.50, sold for \$35; a shirt bought for \$3, sold for \$15.50; a coat bought for \$7.50, sold for \$12.50; a coat bought for \$7.50, sold for \$12.50; a coat bought for \$7.50, sold for \$12.50; a coat bought for \$7.50, sold for \$12.50; a coat bought for \$7.50, sold for \$12.50; a coat bought for \$7.50, sold for \$12.50.

The eleventh count charged conspiracy to obtain excessive profits.

PORTLAND, June 2.—The Portland City Council today passed three ordinances designed to control the high rental cost of the housing shortage here. The ordinances, in general, will remove building restrictions, and amend the municipal building code to permit construction of 1500 temporary homes at an approximate cost of \$1000 each.

PALMER VIOLATED DUTY?
WASHINGTON, June 2.—The sugar investigating committee in a majority report presented to the House today declared that Henry C. Palmer had used his power as chief prosecuting officer of the government for the purpose of fixing maximum selling prices of sugar in Louisiana and in so doing acted wholly without authority of law and in violation of his own construction of his official duty.

The report prepared by Representative Husted, Republican, New York, as chairman, charged that the method adopted by the Attorney-General was wholly ineffective as a means of price control and that it gave apparent governmental sanction to extremely high sugar prices, which excited the cupidty of Cuban producers and caused an advance in the Cuban market.

EIGHT FINDINGS.
There were eight findings in the majority report, the resolution introduced by Representative Tinkham, Republican, California, in investigation of the committee inquiry to Louisiana transactions. The majority findings follow:

"The Attorney-General on the eighth day of November, 1919, gave his official approval to a tentative agreement made by U. S. Atty. Henry C. Palmer, with a committee representing the sugar planters of Louisiana, by which was established a maximum price of 17 cents per pound for prime yellow clarified sugar and 15 cents per pound for clear granulated sugar, net on plantation."

"The above stated prices were fixed by said arrangement for the entire Louisiana 1919-1920 sugar crop."

PALMER FIXED PRICES.
The Attorney-General fixed said prices at a time when he considered them rather high, and had just been advised by his representative in Louisiana, U. S. Atty. Henry C. Palmer, that such prices were in excess of the fair average price for the crop, and when he had reason to believe that the entire crop could be purchased at 14 or 15 cents per pound.

"Crop conditions in Louisiana during the year 1919 varied greatly in different parts of the State and on different plantations. In some cases the loss of crop was very heavy, in others it was comparatively light, so that a fixed price for sugar which would yield only a fair and reasonable profit to the producer, whose cost of production did not exceed the general average for the State would permit a certain class of producers to make excessive profits and would deprive other class of the fair and reasonable profit to which it was entitled under the law."

"Under the arrangement effected by the Attorney-General with the committee representing the sugar planters of Louisiana, the committee was conferred upon any and all persons who might sell at or under the prices fixed by the Attorney-General, whether such prices were in violation of the Lever Act or not."

ALL WESTBOUND TRAINS ARE HELD BY BURNING SNOWSHEDS

(BY A. P. NIGHT WIRE.)
SACRAMENTO, June 2.—The burning of nearly 2000 feet of snowsheds five miles east of Summit, on the Ogden route of the Southern Pacific, tonight, held up traffic on both sides of the mountains and caused the rerouting to this city of the special bearing the California delegates to the Republican National Convention at Chicago. This train will be detained over the Western Pacific line to Salt Lake City, where it will return to the Southern Pacific line to the convention city.

The fire started at about 6 o'clock from a cause unknown, according to telephonic information tonight received from Summit. Fire fighters were rushed to the burning sheds and fought the blaze from both ends. At 7:30 o'clock they had the fire under control. The sheds were burned at a point between Lakeview and Elder.

All westbound trains are stalled on the other side of the burned sheds, while on the Summit side two sections of the Overland Limited were held up.

It is feared that traffic may be blocked for fifteen hours and that it will be early tomorrow before the tracks are cleared of the debris and traffic restored.

JOHNSON AT GALVESTON ROPE'S END. J SEEKS AID.

California Senator Martial Law Asked by Texas Port.

Carr Says Support of Hearst and Unions Makes Nomination an Impossibility.

Cannot Strengthen Position After First Ballot; Lowden is Strong.

[Editor's Note.—Mr. Carr, so long a favorite feature writer for the Los Angeles Times, will write of the pre-convention struggle during the next few days, and will report the convention in his own witty way, exclusively for this newspaper.]

BY HARRY CARR.

NEW YORK, June 2.—The estimable wind machine, Senator Johnson, is stretching and stretching, but he can't reach any further. The impression seems to be in political circles throughout the East that Johnson has reached the top of his fight, and is beginning to tire and wilt very rapidly.

There is a marked change in the tone of the Johnson newspapers. They have lost their blarney tone of go-to-hell confidence. They are now busily engaged in telling the public in a shocked tone of voice that the Senator is perfectly sane, and that he is perfectly sane.

Recent events on the Atlantic Coast are militating against Johnson. For one thing, his Hearst and union-labor support is beginning to fail against him instead of for him. The recent railroad strike of the outlaws, an eyesore, both to the unions and to the general public. It showed the politicians that the great middle public in thoroughgoing indignation is beginning to feel that the Senator is perfectly sane, and that he is perfectly sane.

Recent events on the Atlantic Coast are militating against Johnson. For one thing, his Hearst and union-labor support is beginning to fail against him instead of for him. The recent railroad strike of the outlaws, an eyesore, both to the unions and to the general public. It showed the politicians that the great middle public in thoroughgoing indignation is beginning to feel that the Senator is perfectly sane, and that he is perfectly sane.

TIDE TURNING.
The meeting of business men held last night in New York to form an organization to break up the murderous and repressive union picket line at the water front which is injuring New York as a shipping port was another eyesore.

The fact seems to have struck Johnson and his followers that the avowed leader and political banner bearer of the union-labor Johnson is going against a determined opposition at Chicago that is likely to wreck his chances.

Johnson burst into the fray as the Moses of the Reds before he had really counted noses. It is regarded as certain now that the Chicago convention will muster more conservatives than Reds. Hence Johnson is vainly and frantically attempting to climb back onto dry ground. He is one of those noisy-driven campaigner, which invariably develops the greatest strength before the convention.

The opinion in political circles in New York is that almost any kind of combination may be made against Johnson in the convention, and that the real fight will take place after they all get into the city.

WOOD INJURED.
Gen. Wood seems to have hopelessly quivered himself in the mustered campaign funds. He gives the impression of being a rather helpless old man.

BELFAST OFFICIALS FOIL ATTEMPT TO WRECK BARRACKS

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 2.—Woman sympathizers of freedom for Ireland today burned a large British flag in front of the Treasury Building. As the flag vanished in flames, Miss Mary Keegan of New York, leader of the band, kicked the smoldering ashes and shouted: "Just another little Boston Tea Party to remind the assassins not to go too far." No arrests were made.

BELFAST, June 3.—A concerted attack was made on the Crossgar barracks, County Down, twenty-one miles from Belfast, today. Efforts were made to blow up the building. These failed after two hours, during which there were hot exchanges between the attacking parties and police. Finally the assailants withdrew.

TRALEE, June 2.—Raiders today after a two-hour fight with the police at Fenit, County Kerry, saturated the barracks with oil and burned it. The raiders fled on the approach of naval men.

ASSASSINATION FOR TURK WHO SIGNS PEACE TREATY

(BY CABLE-EXCLUSIVE DISPATCH.)
CONSTANTINOPLE, June 2.—The Sublime Porte yesterday received the peace treaty which, it is asserted in Nationalist circles, no Turk will dare to sign for fear of assassination.

The Georgian delegation reports Gen. Levandovsky, commanding 40,000 Russian Regs., is occupying Azerbaijan, demolishing the local armies and proving Bolshevism in that territory is more than local, as formerly announced. Union of the Russians and Turkish forces, the latter now being near Kairi, is looked for soon in that territory. Gen. Levandovsky, however, announces the protest of the Armenians.

Mustapha Kemal at Angora issued a manifesto similar to that of the Damascus Arabic government urging the Moslems to unite against foreign occupation. The manifesto, addressed to the glories of fighting for Islam, it also declares the Moslems are trying to steal the Mohammedan countries.

Mustapha Kemal also pledges his loyalty to the Sultan in another manifesto.

HUERTA TAKES THE OATH.

Mexican Newspaper Denounces Senate Committee's Recommendation.

(BY A. P. NIGHT WIRE.)
MEXICO CITY, June 1.—Adolfo de la Huerta, elected provisional President of Mexico last week, took the oath of office at 6 o'clock this afternoon in the chamber. There was a great military display. The new provisional President appeared to be far from well.

Officials of the Chinese Legation, confirmed reports that their government had instructed them to extend de jure recognition of the provisional government.

WASHINGTON, June 2.—P. Elias Calles, former Governor of Sonora, has been appointed Minister of War in the Cabinet of Provisional President De la Huerta of Mexico, according to advices today to the State Department.

MEXICO CITY, June 2.—Gen. Manuel Palafox, revolutionary leader in the State of Tamaulipas, has arrived here and conferred last night with Gen. Obregon. He refused to be interviewed when reporters attempted to question him. Reports quote Gen. Palafox as saying:

OCKERSON LEVEE BREAKS.

(BY A. P. NIGHT WIRE.)
CALEXICO, June 2.—Flood waters of the Colorado River broke through 200 feet of the Ockerson levee today and tonight are flowing toward the Salts levee, which ranchers are patrolling, according to information reaching Calexico. The river has been rising the last few days.

A railroad is in course of construction on the Ockerson levee and 170 men, several hundred head of stock and a locomotive were tonight reported marooned between the break and the river.

RAILROADS GIVEN WARNING

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 2.—Warning that the penal provisions of the Interstate Commerce Act would be invoked unless the railroads comply with orders designed to relieve freight congestion was issued today by the Interstate Commerce Commission.

The commission in a telegram to Daniel Willard, chairman of the Association of Railway Executives car service commission, said inspectors' reports had shown that deliveries of equipment as ordered by the commission were not being made. The matter will be investigated, the commission added.

REPUBLICANS BAR OUT MISSOURI CONTESTANTS.

Kansas City Not to be Represented in Convention; Knox-Johnson Talk Causes Much Comment.

CHICAGO, June 2.—Preconvention atmosphere got its first real stir today from developments in the Republican National Committee and movements among forces gathering for the contest next week.

Testimony before the Senate committee investigating campaign expenditures that sums of money had been paid to delegates in Missouri, counted as supporters of Gov. Lowden, held the center of attention awhile, and then talk of a Knox-Johnson candidacy became the topic of the day.

Some of the group connected with the Knox-Johnson movement, but Mr. King declined to say anything for publication. Johnson headquarters merely pointed out the California Senator has placed himself on record as refusing a second place on any ticket.

The Republican National Committee hearing of contests was continued by some hotly debated cases, and also by a visit from Homer R. Cummings, chairman of the Democratic National Committee. Mr. Cummings, availing himself of the open house, became the center of a good-natured reception which almost drowned out the proceedings.

He was photographed with Republican Chairman Hays and looked over the Coliseum for ideas to take to San Francisco.

The committee threw out both sets of delegates which asked seats for the Fifth Congress District of Missouri, the Kansas City district. A heated controversy was aired.

SEAT MINNEAPOLIS.
Deciding the first case affecting the strength of the Johnson forces in the convention, the committee, on a roll call, voted to seat the delegates from the Tenth Minnesota District who are uninstructed, but counted as favorable to the candidacy of the California Senator.

In the Mississippi contest, the committee decided to seat the delegates-at-large, headed by National Committeeman McMillin, but did not decide on the contests from the Eighth Congress District because it was necessary to have a subcommittee look over the proofs.

In the Louisiana contest the committee voted to seat the officially reported delegates headed by National Committeeman Smith, kept of New Orleans, which was uninstructed, but claimed for the Wood forces and, in part, of the Lowden managers.

The contest for the Fourth Missouri District was disposed of quickly by seating the regularly reported delegation, uninstructed, but claimed by the Wood forces. One of the contestants, John Alton, of St. Joseph, mentioned in testimony before the Senate committee as having been paid \$2000 from the Lowden campaign fund, did not appear to press his case.

STRONG-ARM DELEGATE.
The sensational first case of the day came on the contest from the Kansas City district. Charges of strong-arm politics, meeting broken up by snarled gas bombs, women intimidated by negroes and mob rule were thick and fast. Committeemen denounced the situation in the district as "disgraceful and tainted with crime" and after voting down by a close vote a motion to seat the regularly reported delegation, Robert J. Plick and J. L. Martin, decided to seat none of the parties.

This action reduced the total number of votes in the convention from 984 to 957 and furnished the first case in which a district will be left without representation.

The day's work brought the number of delegates to 117.

disposed of up to thirty-two out of the 117 filed. The Georgia and Florida cases continued to hang fire in subcommittee. There was a disposition evidenced in the full committee meeting today to check the practice of referring disputes to subcommittees rather than having the national committee decide them first hand. There were some discussions on the subject, but further references to subcommittees were made later and when the session adjourned overnight, the list of cases in subcommittee had been supplemented by references of the Eighth Congressional District of Mississippi where the regularity of the district convention call is to be determined. Many committeemen expressed their satisfaction with the decisions today, although there were proposals to straddle some contests and split the votes of delegations between contestants and contested.

Committeeman Howell of Nebraska, led the sentiment that the committee would check the qualifications of contestants if it were to make definite decisions and send word back into the districts that no compromise could be tolerated. Cummings, who favored this course argued successfully that by splitting delegations to settle contests, contestants were being favored.

Chairman Hays had a brief conference during the day with Lieut. Col. Theodore Roosevelt, who gave out a statement reiterating his support of Gen. Wood's candidacy. Col. William Royce Thompson of New York, chairman of the Ways and Means Committee of the national committee, also conferred with Chairman Hays briefly and issued a statement.

Arrangements for distribution of the convention seats were completed today. None of the tickets will be placed in the hands of the national committeemen until Saturday. Each committeeman will receive the allotment for his state and distribute them to State delegations.

Precautions have been taken to prevent the tickets falling into speculators' hands and to prevent counterfeiting.

FOR WOMAN LEADERSHIP.
A single organization of men and women instead of dual control under separate leadership will be the plan presented to the Republican National Convention by the national committee for assimilation of new voters.

Chairman Hays today named five national committeemen to draft the committee plan for the party. The plan will be presented to the women voters at a party management. The women delegates and alternates, approximately 150 strong, will discuss their proposals Sunday.

The subcommittee appointed today will hold its first session tomorrow in an effort to complete its recommendations in time for their submission to the women's caucus Sunday.

CONVENTION SCHEDULE.
Nominating speeches in the Republican National Convention next week probably will come on Thursday, with balloting on Friday, L. W. Hensley, secretary of arrangements committee, announced today. Following the keynote speech, of Senator Lodge of Indiana, the temporary chairman, and appointment of committees on Tuesday, Mr. Hensley said the convention probably would adjourn until Wednesday for committee work.

Permanent organization, rules and order of business are Wednesday's tentative program. After the nominating speeches Thursday, Mr. Hensley said, the tentative program would leave Friday and Saturday and possibly part of Sunday for balloting and consideration of platform.

On Monday caucuses of many State delegations are scheduled to select national committeemen and make committee nominations. There are more than 150,000 applications for tickets for 12,386 seats, Mr. Hensley stated, and 1100 applications for 574 proxy seats. Increased interest of women in politics was mentioned by Mr. Hensley as a reason for ticket demands. Distribution of tickets is to begin Saturday through national committeemen.

PEEL HOOVER LOSE.
It must be confessed that if the Democrats had had a really appealing candidate—for instance if Hoover had turned out to be a Democrat—the Republicans might have had hard sledding during the coming campaign.

Very little public interest is manifested. Nobody seems to care much of a hang who is elected to anything. No candidate mentioned on either side seems to have fired the popular imagination at all.

Take them all in all, with the single exception of Hoover, the candidates present a close study in small-sized object and inconspicuous degrees of vacuity.

A HEAVY FINE ON PROFITEERS.
(Continued from First Page.)
day petitioned the Cuban government to take a heavy fine to see that 400,000 sacks of the present crop be retained on the island and withheld from export. The chamber explained that unless this measure is taken, the shortage of sugar in Cuba will be very acute.

DRAPER GIVES PLAN.
(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 2.—The most effective method of exposing profiteering in England has been through a system of government committees representing all classes of society and elements of industry and trade which trace costs from the producer to the consumer, according to T. M. Hardwick, London, of the visiting British drapers' delegation at the National Retail Dry Goods Association convention.

The rest of the anti-profiteering law in England is a dead letter, Hardwick said, but the retailers are favoring a new bill before Parliament to permit the same net profit to the merchants as in 1914.

Mr. Anneke Adams, United States District Attorney in San Francisco, who explained the operation of the Lever Act, said concerning setting prices on commodities of old and new stock that it was fair to average if you average fairly.

UNNECESSARY LUXURIES.
Men's hats selling for \$35, perfumes retailing at \$1.25 and women's stockings valued at \$2.50 a pair were cited today as examples of unnecessary luxuries by C. L. Miel, of the Treasury Department, in a talk before the Pacific Coast convention of the National Retail Dry Goods Association.

"More money has been spent for pleasure cars and diamonds since the armistice than for farming implements," Miel declared. Drapers' Chamber of Trade, which is making a tour of the country.

The present system of retail organization must not be disturbed but must be improved if the popular clamor for lower prices is to be effectively answered, George A. Phillips, Spokane, president of the Washington State Retail Association, told the gathering.

H.C.L. GOING DOWN.
(BY A. P. NIGHT WIRE.)
CHICAGO, June 2.—The cost of living is now descending and railroad employees must take this fact into consideration in demanding higher wages. E. E. Waters, representing the roads, told the railroad labor board yesterday in reply to testimony previously introduced by the employees that "many of the workers now are not making enough money to support themselves," and that "common labor in the railroad crafts should receive a minimum wage of \$2500 a year."

BUENOS AIRES, June 1.—President Irigoyen has asked Congress to pass a law imposing an additional import duty on wheat of five pesos per each 100 kilograms and a 5 per cent additional on the value of flour and other wheat derivatives exported.

WET-DRY CLINCH FOR DEMOCRATS NO ADMISSION FOR BARLEYCORN

Showdown Slated at San Francisco Convention. Mrs. Catt Thinks Conventions Will Spurn Him.

Treasurer Marsh Interprets Wilson's Position. Only Northern Democrats Are Under Suspicion.

Hints at Surprise Offensive by Champ Clark. Believes Hoover the Dark Horse of Republicans.

CHICAGO, June 2.—The wet and the dry will go to a clean cut and above-board showdown at the Democratic National Convention at San Francisco. If the wets can produce a two-thirds majority for a liberal plank in the platform, Gov. Cox of Ohio in his judgment, will be the nominee of the convention.

This statement made last night by Wilbur W. Marsh of Iowa, national committeeman from Iowa, came more closely to being authoritative from the Democratic inside than anything that has been printed. It was made to the Times last night, while Mr. Marsh was gathering an earful of Republican criticism at the fringes of Presidential Row here.

Chairman Homer C. Cummings of the Democratic National Committee, fresh from his interview Monday with President Wilson at the White House, passed through Chicago en route to San Francisco yesterday, but Mr. Marsh didn't stop him. Chairman Cummings will stop in Arizona en route to the coast.

WILSON NOT FOR MCADOO?
The newspaper reports of that interview may have had some interesting implications. Mr. Marsh said, "I hardly believe, for instance, that the President is starting out to assume control of the national convention. Personally, I have no doubt that the President has given no intimation of any way of settling the nomination for the Presidency."

"What about Mr. McAdoo?" Mr. Marsh was asked. "My own opinion is that the President never has said to Mr. McAdoo that he would be a desirable Presidential candidate, nor has he told him that he should not be a starter," Mr. Marsh replied.

If the convention gets into a deadlock with protracted convention fights, he thought that: "When that time comes, look out for Champ Clark. There will be more than 500 delegates in the San Francisco convention that went in to the last ditch with Champ at Baltimore."

"If it comes to a showdown as between the former Speaker and Vice-President Marshall, it might be difficult to switch that block of 100 men to the Vice-President, as strongly as he might now appeal to the party as an avowed candidate."

Treasurer Marsh said that the advance guard of party leaders in the convention will be just as good and probably better than the Chicago show.

"Who will be the Republican nominee?" "We should worry. It doesn't make any difference to the Democrats. It's a cinch for any candidate that the Democrats nominate."

BULLETINS.
(BY THE ASSOCIATED PRESS.)
BATON ROUGE (La.) June 2. The House today passed the resolution proposing an amendment to the State constitution providing equal suffrage. The resolution was put forward by opponents of the proposal that Louisiana ratify the Federal suffrage amendment, but in the vote today it was supported by many adherents of ratification.

WASHINGTON, June 2.—Major Gen. William Graves, who commanded the American Expeditionary Forces in Siberia, has been assigned to command Fort William, McKinley, Rizal, Philippine Islands.

PITTSBURGH, June 2.—At least six men were killed by an explosion in the coal shaft of the Ontario Gas Coal Company, near Cokesburg, Pa., today. The men were buried under a mass of coal. An explosion dislodged great masses of earth and buried every man in the shaft.

WASHINGTON, June 2.—President Wilson today signed a joint resolution eliminating from the Federal appropriation bill the Commerce amendment affecting cotton futures grades which through a clerical error was included in the original measure, signed yesterday.

PARIS, June 2.—Lifting the embargo of Russia and conclusion of peace are indispensable conditions for resumption of commerce between the country and Allied nations, Gregory Krasin, Bolshevik Minister for Trade and Commerce, has notified President George of Great Britain, according to the London correspondent of the Excelsior.

NEW YORK, June 2.—The United States transport Nansamond arrived here today from Antwerp, Belgium, with the bodies of 210 Americans who died in military service abroad.

GREELEY (Kan.) June 2.—The Standard Oil Company's pumping station here, valued at more than \$1,000,000, was destroyed by fire today. The fire was still burning tonight and efforts of the employees and a volunteer fire-fighting force were being directed toward keeping the flames from reaching two 50,000-barrel storage tanks, both of which are practically full.

WASHINGTON, June 2.—An executive order was issued by President Wilson today directing the Allen Property Custodian to sell the Hamburg-American Line pier at New York City, designated as pier No. 43.

LONDON, June 2.—That the Anglo-Japanese alliance will be extended indefinitely for another year is declared probable by the Daily Mail's political correspondent.

GREAT WRITERS FOR THE GREAT CONVENTION.

You'll be sorry if you miss The Times this month. The exciting story of the Republican National Convention has begun and there will be dramatic episodes every day. Among the numerous correspondents and writers who will cover this history-making assemblage for The Times are:

Irvin S. Cobb.
Harry Carr.
Philip Kinsley.
Robert B. Armstrong.
Dorothy Dix.
Ring W. Lardner (the famous baseball humorist).
Harry A. Williams.
Arthur Sears Henning.
The Associated Press staff.

Then will come the National Democratic Convention at San Francisco, to be reported by the same talented group. Don't miss The Times this month.

NEW MEXICO BOURBONS BEGIN SESSION TODAY.

(BY A. P. NIGHT WIRE.)
ROSWELL (N. M.) June 2.—New Mexico Democrats began gathering here tonight for the State convention tomorrow to elect delegates and alternates to the national convention and select a State chairman and national committeemen. For the second time in the State's history, no interpreters will be employed for the benefit of non-English speaking delegates. Senator A. A. Jones will deliver the keynote address.

The Wiley B. Allen Co.

Have You a Silent Piano in Your Home?

HAS the pianist of your home gone away—perhaps a daughter married or away at school—and left you without the charm and pleasure of music?

Or has mother given up her music because of added cares of the growing children?

Is your piano silent—musicless—a mere piece of furniture—no longer radiating joy and happiness, only because there is no one left to play it?

Why Not Exchange it for a Player Piano or Victrola?

Either will bring music into your home—good music. We'll take your silent piano and for it make you a liberal allowance on any model Player Piano or Victrola in our stock.

Moreover, we'll save you the moving costs of such an exchange—call for your present instrument and deliver the new one.

In the event that you do not desire immediate delivery on the new Victrola or Player Piano, we will give you a credit slip, and you may select your instrument at any later date.

Your signature below will bring more details of our exchange plan, the mailing of which does not obligate you in any way.

The Most
Accommodating
Man in Town
Says—

"Shall I Send It?" "No Thank
You! You See, It's Packed in Tin"

THE grocer, the man at your beck and call, serves you best. In great cities, in silent villages, in the pulse of everyday life—anywhere, no doubt, a rejoinder like the above passes unnoticed. Yet here in lies a problem.

Frail packages are not welcomed by any housewife, she often refuses to carry them. Then again, if slightly damaged the contents deteriorate. The grocer pays for dissatisfaction and sometimes loss.

In regard to packages, tea for instance, cannot be consumed at once. It is therefore essential that the container should be substantial. RIDGWAYS TEA is packed only in TIN—with tight fitting lids that retain the satisfying, joyous, mellow flavor.

This goodness imparts a keener relish to your food; it means greater satisfaction.

Then again, it is more convenient for you—and the "most accommodating man in town."

"Packed only in TIN
—to keep the flavor in"

STEAM ROLLER IS ELIMINATED.

Chairman Hays Insists on the Open-Door Policy.

No Secret Sessions to Seat G.O.P. Delegates.

National Committee Sitting as a Judicial Body.

[EXCLUSIVE DISPATCH.]
CHICAGO, June 2.—Comment along Presidential row today gave a good deal of credit to Chairman Will H. Hays for the good arrangements for the Republican convention, which begins June 5.
The last several Republican national conventions, it was recalled, have been opened under great handicaps of bitter personal and factional fights that were intensified by injudicious acts and steam-roller tactics of the national committee, sitting in secret sessions on contests and other preliminary matters.
It has been the determination of the National Committee that this week's preliminaries should not throw a cloud over next week's convention, and over its nominees. He came to Chicago with the avowed intention of producing such results.

He found in the national committee ready opponents to such leadership. The first two days' sessions of the committee, given to the hearing of contests, indicated that he is going to succeed in his plans to put the steam roller out of business.

The first assault on the ancient tactic came in the adoption of a rule by the committee that the different candidates—through accredited representatives, and the public through the press associations and the newspapers, could sit in on all contests and also in the executive sessions of the national committee.

The second assault came in the adoption of a rule which prevents proxies being held by campaign managers or their representatives. The rule limits the holding of proxies to a person of the State of the absent committeeman, or by another committeeman.

The open-door sessions have taken away the cover under which the steam roller successfully operated. The rule on proxies puts an end to packing national committee sessions with representatives of candidates to sit as judges in contests in which they have interests.

The Hays idea of thus keeping the light of day on all that goes on and of raising the national committee to the status of a judicial body in the contests, seems to be having a most salutary effect. Reports from different candidate headquarters indicate approval of the change.

HOOVER SENTIMENT IS SURPRISING CHICAGO.

NEW ENGLAND, NEW YORK, NEW JERSEY AND WESTERN MEN FOR HINS.

[EXCLUSIVE DISPATCH.]
CHICAGO, June 2.—Hoover sentiment shows a marked up-grade, especially among arrivals from the East. Visitors from New England, New York, New Jersey and Pennsylvania are all talking Hoover and there is also considerable Hoover sentiment showing among western and southern arrivals.
Republicans from the "Old South," which is not so solid that it cannot be broken, say the Democrats are hoping that Bryan will be elected. If they cannot have Bryan they want Champ Clark. They do not consider McAdoo or any

G.O.P. CONVENTION SQUARE-DEAL IDEA.

Will H. Hays,
Chairman of Republican National Committee, Indiana Presbyterian elder, and one of the younger men of the party, who is being congratulated upon the manner in which he has staged the great convention that opens next week.

candidate who is even remotely connected with the Wilson administration. They say Wilson's name is anathema in the South, chiefly because he put the skids under Vardaman and other political saints, and also because he has according to their beliefs put a handicap upon his party that will not be lifted in the next decade.

Col. Teddy Roosevelt, who every day is becoming more a replica of his sturdy father, arrived today, snappy, crisp, full of pep and ready for action. He is lined up with Gen. Wood for a last-ditch battle. He smokes a strong pipe and works with his sleeves rolled up. He believes Gen. Wood will be the nominee which will be equivalent to election by an overwhelming vote. Col. Roosevelt posed for a battery of photographers submitted to interviews in which the interviewers did most of the talking and then plunged into his work, which is to boost Wood.

CALIFORNIA DELEGATES OFF FOR CONVENTION.

REPUBLICAN SPECIAL FOR CHICAGO PULLS OUT DECKED WITH POPPIES.

[RE A. P. NIGHT WIRE.]
OAKLAND, June 2.—The convention special, bound for the Republican National Convention at Chicago and carrying the California delegation thereto, got away from Sixteenth-street station here this morning a little after 10 o'clock. Its windows covered with placards, its coach roofs yellow with poppies and rhododendrons from Oakland gardens, the special was well representative of the Golden State.

The chief portion of the delegation boarded the train at Oakland. Moie, former Congressman of Joseph H. Knowland joined the party at Sixteenth street, and Mrs. J. H. Hume, also an elected delegate, at Berkeley. Several hundred Oakland citizens bade farewell to the special as it pulled out of the Oakland station.

The early portion of the journey seaward of the delegates was continuous ovation from western supporters of Senator Hiram Johnson. Replying to an ovation from the depot through Mrs. J. B. Hume of Berkeley said the women of California saw the need of Presidential candidates who understood the desires of the West. Whether or not Senator Hiram W. Johnson received the nomination he still would be the choice of the people, she said.

SACRAMENTO, June 2.—Greetings and flowers were offered the California delegates to the Republican National Convention when the convention special halted for a few minutes in Sacramento shortly after 1 o'clock this afternoon.

Members of Hiram Johnson for President Club No. 1 were at the depot when the train drew in. Mrs. C. K. McClatchy, a member of the California delegation, joined the convention party here.

PLATFORM FOR G.O.P. IS READY.

Complete Rough Draft at Yesterday's Conference.

Senator Watson to Carry it to Chicago Today.

Prohibition Ignored; Suffrage Strongly Urged.

[RE A. P. NIGHT WIRE.]
WASHINGTON, June 2.—The tentative draft of the Republican national platform was given its finishing touches at conference today.

Senator Watson of Indiana, who has been in charge of the task, will leave for Chicago tomorrow to confer with prospective members of the convention's resolutions committee.

The plank on Mexico was added to the draft today. It was written by Senator Fall, New Mexico, who headed the Senate's special subcommittee on Mexican affairs, and later was revised in minor respects at a conference attended by Senator Watson, Senator Lodge, Republican leader of the Senate, and a number of other prominent Republicans.

It is understood to follow in general the recommendations made by Senator Fall in his report to the Senate declaring that unless conditions in Mexico are improved the United States should intervene.

All mention of prohibition is omitted from the tentative draft and it was understood that those who confer here would recommend against any declaration on the subject. That issue, it was suggested, should be regarded as settled. The tentative draft contains a declaration urging prompt ratification of the second amendment.

Another declaration still missing from the platform is that relating to the soldier bonus. The leaders here said they were unprepared to make any recommendation on the subject.

CONVENTION SIDE LIGHTS.

Florence Lowden, Daughter of Candidate, and Miss Helen Bayne, Wood Volunteer, Are Fast Friends—Women Want Russian Blockade Lifted.

[EXCLUSIVE DISPATCH.]
CHICAGO, June 2.—Occupationally speaking, Mrs. Emily Vandercamp Brown of New York is in a class by herself among women at the convention. She is a sea pilot, the widow of Commodore Brown, who discovered the group of Pacific Islands that bears his name.

She has come to Chicago to cheer for Gen. Wood. She was active in forming the first women's preparedness league on Governor's Island, and Gen. Wood was military adviser to a class of 600 girls in the same camp.

Miss Helen Bayne, daughter of Mrs. C. H. Bayne of South Manchester, Ct., a youthful and highly attractive eastern society debutante, came up a chance to take a long summer cruise on a yacht in order to come to the Republican convention.

Several hundred Oakland citizens bade farewell to the special as it pulled out of the Oakland station.

The early portion of the journey seaward of the delegates was continuous ovation from western supporters of Senator Hiram Johnson. Replying to an ovation from the depot through Mrs. J. B. Hume of Berkeley said the women of California saw the need of Presidential candidates who understood the desires of the West. Whether or not Senator Hiram W. Johnson received the nomination he still would be the choice of the people, she said.

SACRAMENTO, June 2.—Greetings and flowers were offered the California delegates to the Republican National Convention when the convention special halted for a few minutes in Sacramento shortly after 1 o'clock this afternoon.

Members of Hiram Johnson for President Club No. 1 were at the depot when the train drew in. Mrs. C. K. McClatchy, a member of the California delegation, joined the convention party here.

Disputes over entrance to the Coliseum during the Republican convention will be settled by an adjustment bureau which is to be opened this week by Brig.-Gen. James A. Ryan, who has been placed in charge of a force of 100 police men who will guard the doors.

Inasmuch as there are 150,000 applicants for the 10,000 seats, it is apparent that many will be disappointed and will try various schemes to get by the guards. "There will be no dispute as far as our main concern," said Gen. Ryan. Their instructions will be to engage in no arguments whatever. Persons appearing at the doors without tickets and claiming a right to enter will be conducted to the adjustment bureau, where differences will be ironed out.

Chester Murphy of Portland, Or., chairman of the Oregon Elks Club, will be remembered by football fans of the country as the greatest

NEW YORK HIT
BY JUNE RUSH.
Marriage Licenses for First Day of the Month Total 548.

[RE A. P. NIGHT WIRE.]
NEW YORK, June 2.—Five hundred and sixty-six marriage licenses were issued yesterday in Greater New York City, it was announced today.

This was the largest number for one day in the history of the license bureau.

G.O.P. PLATFORM'S ROUGH CARPENTER.

James E. Watson,
Indiana Senator, who has just finished the task of having out a platform to bear the weight of an elephant, at least for a week or so.

subject under present conditions and that a plank on the subject would be worked out at Chicago.

No attempt was made to reach a final decision on a plank relating to the League of Nations. Several tentative declarations have been drafted, however.

In its work, the conference had before it the platform adopted by the Virginia Democrats and recently given the approval of President Wilson. It was said that every effort was made so to phrase the Republican draft that it would make the issues as clear and direct as possible.

quartermaster that ever played the same on the Pacific Coast. He was a member of the Leland Stanford University eleven.

Mrs. James W. Morrison, the queen-bee of the Hoover hive, received a telegram from a western Hoover worker, requesting her to reserve "a suite of Michigan Boulevard with a sun parlor, two beds and a reception parlor for convention week." If the request can be granted the visitor will be housed miles from the convention hall.

A body of women recently organized have a new plank that they want nailed into the Republican platform. They call themselves the women's emergency committee, and their plank contemplates the lifting of the Russian blockade. Miss Amy Hicks, prominent in New York suffrage work, is chairman of the committee. Other members are Helen Keller, Katherine Locke and Mrs. Garriot Stanton Blatch.

Among the women arriving today was Mrs. Lafayette B. Gleason of New York, whose husband is temporary secretary of the convention. She refused to talk politics. "I am a home woman," she said. "I am quite willing to leave politics to my husband and the other men."

Women of all camps are disturbed by the announcement that a band of professional hecklers and pickets are coming from Washington to create all the disturbance they can at the convention, around the hotels and elsewhere. Some plan may be evolved to put a damper on these unwelcome guests.

Disputes over entrance to the Coliseum during the Republican convention will be settled by an adjustment bureau which is to be opened this week by Brig.-Gen. James A. Ryan, who has been placed in charge of a force of 100 police men who will guard the doors.

Inasmuch as there are 150,000 applicants for the 10,000 seats, it is apparent that many will be disappointed and will try various schemes to get by the guards. "There will be no dispute as far as our main concern," said Gen. Ryan. Their instructions will be to engage in no arguments whatever. Persons appearing at the doors without tickets and claiming a right to enter will be conducted to the adjustment bureau, where differences will be ironed out.

HUNT MEXICAN AS MURDERER.
Suspected of Having Killed Fellow-Countryman.
Details of Greenlaw's Death Brought to Flagstaff.
Arizona Mining Company Applies for Receivership.

Jerome (Ariz.) June 2.—Manuel Esquivel, a being hunted, suspected of the murder of Jose Ladana, who was shot shortly after midnight as he was coming from work in the Daly shaft of the United Verde Extension mine. The two had quarreled at their work underground. There had been an accusation by some one who had hidden himself behind a lumber pile that which the victim was walking when shot through the body. Esquivel is said to have been a draft dealer by means of false birth certificate sent from Mexico. Ladana was from Los Angeles and in his effects have been found cash from the draft registration office in that city.

Manager Tally of the United Verde Company has received from F. A. Thane, a mining engineer at Flagstaff, Ariz., details of the death of Ralph L. Greenlaw and father at that point early in May. The two Arizona men were on a logging camp, carrying 4500 pieces for the weekly pay roll. The father was shot through the head. Ralph was shot through the body, close to the heart, and through the wrist. The Greenlaw and Thane were the only Americans in the camp. The writer states that he has failed to observe any degree of interest in the assassination on the part of the Mexican authorities of the locality. Thane states that he will send a legal death certificate to the January Trust and Savings Bank in Los Angeles and will attend to the transfer to the same destination of whatever funds and papers there may be found.

APPLY FOR RECEIVERSHIP.
TUCSON (Ariz.) June 2.—Application to the Superior Court for the appointment of a receiver for the Mile Wide Copper Company and for review of the actions of its president, C. P. Reiniger, has been made. The company has been in liquidation since the death of its president, C. P. Reiniger, who was shot through the head. The company has been in liquidation since the death of its president, C. P. Reiniger, who was shot through the head.

NIGHT SESSION BEARS FRUIT.

Senate and House Conferees Agree on Merchant Marine.

Sale of Ships to Foreign Interests is Approved.

Coast Gets Two Members on New Shipping Board.

WASHINGTON, June 2.—Sale of American ships to foreign interests if after diligent effort the Shipping Board has been unable to dispose of them to Americans is provided for in the merchant marine bill, as finally agreed upon by Senate and House conferees, after virtually an all-night session.

Under the agreement Senate provisions providing for a permanent Shipping Board of seven members, were retained, but the Senate amendment authorizing the board to set aside annually for the next five years \$10,000,000 from the proceeds of charters and sales for construction of new ships was modified so as to provide for a reserve fund of only \$15,000,000 annually.

PROPOSALS ELIMINATED.

The conferees eliminated Senate proposals to limit the sale to foreign sale of ships more than ten years old and not exceeding 6000 deadweight tons.

The bill also would require that 75 per cent of the stock of companies engaged in coastwise trade be American-owned.

American-owned ships would be given fifteen years in which to pay for ships, but foreigners would be allowed only ten years and those would be required to pay not less than 5 per cent interest. The interest to be paid by American purchasers would be fixed by the board.

A permanent Shipping Board of seven members is provided for, two each from the Pacific and Atlantic coasts, and one each from the Gulf, Great Lakes and Central West regions.

NO CONSTRUCTION AUTHORITY.

While the board is authorized under the bill to set aside \$25,000,000 annually for the next five years from proceeds derived from the sale and operation of ships as a construction fund, the conferees eliminated provisions which would enable the board itself to build ships. The board would use the

fund to aid American citizens or concerns in the construction of new tonnage.

The bill would authorize the board to take over control of the former German liners at Hoboken after January 1.

Provisions authorizing the board to determine as soon as possible what steamships should be established and put in operation between ports in the United States and insular possessions, as well as to acquire and operate such ships, as were Senate amendments, were retained.

Provisions authorizing the board to determine as soon as possible what steamships should be established and put in operation between ports in the United States and insular possessions, as well as to acquire and operate such ships, as were Senate amendments, were retained.

TOKIO IS HURT BY ANTI-JAP FEELING.

BANKER VANDERLIP ASSERTS ORIENTAL VIEWPOINT ON IMMIGRATION GRAVE.

SAN FRANCISCO, June 2.—From the Japanese point of view the immigration of Japanese nationals into California has assumed very grave aspects, Frank A. Vanderlip, New York banker, told a gathering of Commercial Club members here today.

The subject is quite important enough to merit the immediate attention of the government," he said. "The matter is not properly described as an immigration question, however, because there is no serious thought in Japan of any change in the 'gentlemen's agreement'."

The question is really concerned entirely with the treatment of Japanese now in California and the door to future immigration.

"The most serious feature of the question is the method by which it is being handled. The Japanese are deeply hurt with the language of the politicians and the press. An adjustment of all differences could be reached in a courteous, sympathetic internal conference. There would be no objection to any restrictions toward all aliens and were not discriminatory toward Japan. The spirit and language with which the matter is treated is as important as the restrictions themselves."

ARMY APPROPRIATIONS CUT BY CONFEREES.

WASHINGTON, June 2.—After cutting \$24,000,000 from appropriations provided in the Senate bill, House and Senate conferees last night reached a final agreement on the annual army appropriation bill. As finally agreed upon, the bill carries \$284,925,000.

Among the principal reductions from Senate figures was \$33,000,000 for the army air service, compared with the \$40,000,000 provided by the Senate and \$27,000,000 by the House; \$2,000,000 for the ordnance department compared with \$4,000,000 by the House and \$2,000,000 by the Senate; and \$40,000,000 for transportation which was \$5,000,000 less than the Senate figure.

The appropriation for the pay of the army was reduced \$6,000,000 from the Senate allowance.

The conferees compromised on \$2,500,000 for vocational training. Because of opposition of House members, Senate amendments authorizing the President to present the Congressional Medal of Honor to Verdun, France, in appreciation of the valor of its defenders, were modified by the conferees to provide for "a suitable memorial, medal or tablet."

OMAHA NEWSPAPER MAN WINS PULITZER PRIZE.

GETS \$500 FOR BEST EDITORIAL WRITTEN THE PAST YEAR IN UNITED STATES.

NEW YORK, June 2.—Award of the Pulitzer prize of \$1000 to John J. Leary, Jr., of the New York World, for the best example of a reporter's work during the past year was made today by the school of journalism at Columbia University. The work which won the prize was a series of articles on the coal strikes last winter.

The \$500 Pulitzer prize for the best editorial written during the year was awarded to Harvey E. Evans, branch of the Evening World-Herald, Omaha, Neb. The \$1000 prize for the best original American play written in 1919 was given to Eugene O'Neill, author of "Beyond the Horizon."

Justin H. Smith was awarded the \$1000 prize for his "Life of John Marshall," which was rated as the best book upon the history of the United States printed last year. Ex-Senator Albert J. Beveridge of Indiana won the \$1000 prize for his "Life of John Marshall," judged the best American biography printed during the year.

SAILORS' PLAYFUL ACT STARTS BLOODY FIGHT.

SAN FRANCISCO, June 2.—The playful act of a member of the crew of the Pacific Mail steamer Colusa in pouring a bucket of water over the head of the Chinese cook led to a bloody battle on the ship's decks Sunday.

The vessel arrived here from Calcutta today. Steve Johnson, a white crewman, was arrested and two injured Chinese taken ashore. Chin Chin, Chinese man boy, is suffering from a broken jaw and an ax wound in the back and is expected to die. Jim Ng, the cook, also was cut, but not fatally.

Following the fight Johnson was placed in irons. Upon the ship's arrival he was lodged in the City Prison and held for action by the Federal authorities.

SAN FRANCISCO Dies from Burns.

SAN FRANCISCO, June 2.—Mrs. Mary Hall, 75, resident of the city, which she died, and her daughter, Mary Hall, 28, was seriously burned, when a kitchen stove exploded in their home last night. The daughter has only a slight chance for recovery, hospital attaches stated.

Neighbors carried the woman, with their clothes aflame, from the cottage, and three rescuers received painful burns.

MIDDLE WEST NEWS IN BRIEF.

MILWAUKEE, June 2.—Stanley Adamski, prominent contractor, and Mrs. Rosalia Hynes, were found guilty on a statutory charge yesterday and will be sentenced Saturday.

Mrs. Hynes in her testimony said his kisses were so ardent that she fainted.

Milwaukee brewers were chagrined at the news of the Supreme Court's decision. They had expected that it would be favorable.

Catherine Orr of Los Angeles was denied her application under the residuary clause of the will of the late Col. Thomas F. Deaver. She sought to be made beneficiary of a \$75,000 trust created by the will in a decision of the construction of the will handed down here yesterday.

Col. Deaver died here in January, leaving an estate of \$135,000, which (Miss Orr was a beneficiary.

DETROIT, June 2.—Detroit capitalists who identify are concealed propose building a modern office building on the site on Broadway now occupied by here. Details are withheld.

Alexander C. Nixon, manager of the Detroit Athletic Club, died in Saginaw yesterday from injuries received when an automobile in which he was riding overturned into a ditch near Vassar. A widow and seven children survive.

All records for marriage licenses were broken yesterday, when 157 licenses were issued by the City Clerk's office.

Dr. Morgan Parker, coroner, charged with driving an automobile while intoxicated, asked for a jury trial and two weeks to prepare a defense. He was given one week.

ST. PAUL, June 2.—Mrs. Lewis C. Crabb of Fort Worth, Tex., superintendent of the Southwest Exposition, is prominent in the activities of the National Holstein Association convention now in session here. She is owner of one of the largest Holstein Friesian herds in Texas, and is representing cattle dealers of the Southwest at the convention.

The Laura A. Shepley-William G. Mueller case, which has been a headline in Ramsey county courts for several months past, has been settled out of court, and all cases were dismissed by stipulation filed yesterday. Mueller claimed Mrs. Shepley had obtained \$32,000 from him by fraudulent representations. He was defeated in his attempt to get a judgment for the amount against the woman, but had attached the Shepley residence here, which he alleges was bought with the money she gave Mr. Shepley. Terms of the settlement were not made public.

DES MOINES, June 2.—Gerard-for-President forces will leave Des Moines for San Francisco June 15, Col. J. H. Smith, campaign manager, has announced. Headquarters will be at the St. Francis.

The Marshall County Farm Bureau has gone on record denying that it is supporting Smith Brookhart for Senator in opposition to Senator Cummings.

Mrs. Harry Wilkins, wife of Brig. Gen. Wilkins, is dead at Chicago of injuries received in a plane crash. She fell downstairs. The body will be buried at the old home in Des Moines.

A. T. Day, Chief of Police during the Ben Woolgar administration, has been discharged from the force by his successor, Joe Denney. Day has been taller since the Des Moines city election.

Fifty-one head of Angus cattle brought \$271,150 at a sale at Ottumwa.

OMAHA, June 2.—The campaign to raise \$200,000 as Omaha's share of a \$1,000,000 war memorial building opened here yesterday.

The street railway has issued an appeal to the men to remain loyal and refuse to strike.

Mrs. Marion Buckley, 2481 Whitmore street, was found last night in the basement of her home with two bullets through her head. She is unconscious and possibly will die. Her husband, Joe Buckley, a taxi driver, is held by the police, who say he shot his wife. Buckley says she tried to commit suicide.

Walter Hanson, former bank clerk, despondent over debts, yesterday leaped in front of a North western train and was decapitated.

ST. LOUIS, June 2.—John Heath, 15 years old student, was killed last night by an automobile driven by Mrs. George Harsh of Webster Grove, after he had alighted from a street car.

Fannie Hurst, the author and Jacques E. Danielson, her husband, arrived here yesterday to visit her parents until Thursday night when they will depart for Chicago to attend the Republican convention.

Dr. Walter F. Kirkpatrick, 38 years old, and his son Philip, 10 years old, of St. Louis, were drowned yesterday while canoeing near Boston, according to a dispatch.

Charles E. Ostermann was held by the Coroner's jury yesterday on a charge of homicide in connection with the death yesterday of Henry A. Eicks, a neighbor, following an altercation.

DENVER, June 2.—Jacob Behnman and Basile Pandion, Harold J. Roach and Emma M. Johnston eloped Monday to Castle Rock where they were married.

Union waiters and cooks will take a strike vote tomorrow night. Two hundred taxi drivers struck for increased wages yesterday.

The condition of J. K. Mullan showed much improvement yesterday. He may recover.

Mrs. E. F. Cartwright died Monday night following an operation.

Mrs. E. A. Allan, 515 High street, reported diamonds worth \$1700 lost during house cleaning.

KANSAS CITY, June 2.—The election commissioners have ordered that the ballot boxes be opened Monday to begin the recount of votes in the election contest of Matt Foster against Mayor James Cowgill.

Mayor Cowgill will sign the Jitney loop ordinance yesterday and testified that Nash had told him that he would go to St. Paul to see a Federal official to find out what might be done for Mike Weisman.

Discount rates on commercial, agricultural and live-stock paper at the Minneapolis Federal Reserve Bank were increased yesterday from 4 to 7 per cent, the highest since the establishment of the Federal reserve system. The discount rates on Liberty Bonds remained the same, 6 per cent.

Seventeen persons narrowly escaped death and property damage mounted high when lightning struck two Minneapolis residences, a power plant, a cattle shed at the State fair grounds, housing \$500,000 worth of blooded stock, and set fire to the Midway Lame and Cement Company plant.

INDIANAPOLIS, June 2.—Less than 1 per cent of Indiana draft registrants failed to report for military duty, according to Maj. Robert C. Balfout of Princeton, who was sent in Indiana for the system.

All former residents of Indianapolis are being urged to return for the centennial celebration, when the city observes its 100th anniversary.

Charles F. Coffin, president of the Indianapolis Chamber of Commerce, left today for New York to join the delegation from the United States to the meeting of the International Chamber of Commerce in Paris the week beginning June 21.

McADOO CAPITALIZED POSITION, IS CHARGE.

ACCUSED IN HOUSE OF SPENDING RAILROAD MONEY FOR PROPAGANDA.

WASHINGTON, June 2.—Representative Saunders, Republican, Indiana, declared in a speech in the House last night that W. G. McAdoo as Director-General of Railroads capitalized his position for political purposes.

"He sought in every conceivable way, almost regardless of cost, to turn a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start it—(Advertisement.)"

Mikado's Brother-in-Law in Paris.

PARIS, June 2.—Prince Kijo Mikagahi, brother-in-law of the Emperor of Japan, has arrived here, according to a dispatch. The newspapers for study at the war academy.

"The Appeal"

Years ago in London, when "The Heavenly Twins" was breaking all book-selling records, Mr. Heinemann, the publisher, observed two street vendors selling dolls.

These hawkers were offering identical dolls at a shilling the pair.

Mr. Heinemann suggested a selling idea to one of these men, with the result that his cry of "Here you are—the Heavenly Twins for a shilling," immediately tripled his sales.

Advertising is a fundamental method of selling, and the heart of good advertising is the message.

Of course, the test of any advertising is in its "selling" value, whether for ideas, goods or services.

Advertising space in the Butterick publications is for sale through accredited advertising agencies.

DODSON WARNS CALOMEL USERS

You Cannot Grip, Sicken, or Salivate Yourself If You Take "Dodson's Liver Tone" Instead

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all kinds of ouch, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start it—(Advertisement.)

your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition, and ready for work or play. It's harmless, pleasant and safe to give to children; they like it—(Advertisement.)

THE simplest solution to the clothes problem is to have your old clothes renovated and made to look like new

BITTER ATTACK MADE ON PALMER

Attorney-General Accused of Manipulating Election.

Charges Are Made at Campaign Fund Hearing.

Cabinet Officer Appears in Person to Deny Charges.

(BY A. R. HIGHT WIRE.)
WASHINGTON, June 2.—A very creditable verbal battle between Attorney-General Palmer and Supreme Court Justice Brandeis, sitting on the bench at the Philadelphia hearing, was fought out today.

Palmer, who was brought out by a political enemy of the administration, was charged with direct charges of misuse of Federal power to let down the liquor bars during the Pennsylvania Presidential primaries on the one hand and of attempted character assassination on the other, marked Senate investigation today of pre-convention campaign expenditures.

The Attorney-General appeared unexpectedly in the committee room during the luncheon recess, after Brandeis had launched a broadside of charges, including a sweeping assertion that the whole Palmer campaign in Pennsylvania had been "a believed approximation of figures on all pre-convention expenditures had been obtained and that further inquiry would result only in the string of charges and countercharges, intimations and insinuations. He added that no Federal law had been broken at the time when a Federal Presidential primary law to break OIL MEN TESTIFY.

H. F. Sinclair, New York, of the oil company bearing his name, declared he had made no campaign contributions, or been otherwise active politically, and Norman Bridges, partner with the Doherty oil interests, testified that he had contributed \$1000 to Gen. Wood's candidacy, but otherwise knew nothing of any campaign contribution.

After the oil company officials had been examined the committee came to Brandeis, who was candidate for Democratic national committee from that State at the recent primary, and opposed the Palmer movement with a starker campaign for McAdoo and delegates connected with McAdoo activities. He testified that he had conducted that campaign over the direct personal refusal of Mr. McAdoo to have his name used which prevented its appearance on the ballots and necessitated stokers.

In describing the interview with McAdoo, the witness, who touched on his charges about the Palmer Pennsylvania campaign and thereafter they fell thick and fast. He asserted that it was general knowledge in the State that when the Palmer movement was threatened the McAdoo had let down suddenly; that liquor was being thrown wide open suddenly, under the eyes of the Department of Justice officials and Department of Justice of the Federal government, particularly in the coal counties and that the whole Palmer campaign was not only "a believed approximation of figures on all pre-convention expenditures had been obtained and that further inquiry would result only in the string of charges and countercharges, intimations and insinuations. He added that no Federal law had been broken at the time when a Federal Presidential primary law to break OIL MEN TESTIFY.

Some direct references by Brandeis to Palmer were striking ones by the committee as personalities and Brandeis was still in the midst of his accusations when recess was taken at noon.

AFTERNOON SESSION.
When the hearing resumed, Brandeis resumed the stand. Senator Pomerehne, Democrat, went directly to cross examining him after Palmer, when offered a chance to question the witness, said he had come merely to make a statement to the committee. The Senator repeatedly demanded to know if Brandeis had personal knowledge that Federal officers in Pennsylvania were continuing at violation of prohibition laws. A statement that the witness was satisfied that such was the case was put aside Senator Pomerehne insistently repeated his question until the witness finally answered: "No, sir." He added that if the committee would give him two weeks' time he would furnish legal evidence.

Palmer then arose. His charge that Brandeis had acted as an actor assassination efforts against him in Pennsylvania for years brought a warning for Senator Reed, Democrat, against personalities, but the question was set at rest when Palmer was permitted to continue his statement under adjournment.

The speaker denied fully and without qualification what he characterized as "these state charges" that he had been guilty of prohibition violations in Pennsylvania. He declared that on the contrary, arrests had been in the past prosecuted and asserted also that he lacked power to grant such immunity had he so desired.

SWEDISH YOUTH TO BE SENT BACK HOME.
(BY A. R. HIGHT WIRE.)
SEATTLE, June 2.—Deportation orders were issued today by immigration authorities for August Emanuel Bergman, traveler, said to be the son of wealthy Swedish parents. Bergman previously was held for deportation in 1914, and was sent back to Sweden on funds furnished by his father, it is said. He returned by way of London last March and on arrival in Seattle was arrested by police on request of San Bernardino, Cal., authorities.

It is alleged Bergman tried to marry San Bernardino girl when in this country in 1914, but her father objected. Deportation is being made on the ground that Bergman is an undesirable alien, immigration officials said.

ALTERNATIVE ROUTE TO SAN DIEGO O.K.
(BY A. R. HIGHT WIRE.)
SAN FRANCISCO, June 2.—The Railroad Commission authorized the Motor Transit Company today to establish an alternative route for the service between Los Angeles and San Diego, providing that when the company's buses leave either Los Angeles and San Diego fully loaded they may go by way of Telegraph Road, thus avoiding heavy traffic on the Whittier-Pullerton and Orange Roads. The stipulation the company agreed not to handle local passengers between Los Angeles and Santa Ana along Telegraph Road.

WAR VETERAN LOSES HIS FRENCH FIANCEE.
(BY A. R. HIGHT WIRE.)
NEW YORK, June 2.—Priority as a sailor proved an unavailing argument today in the case of former Sgt. Ray Hewlett of Findlay, O., whose overzealous French fiancée, Miss Raymonde of Amiens, was married to Nicola Rappa, an Italian tenor, whom she met on the steamer La Saville while touring here to meet her American betrothed.

The ceremony was performed before witnesses from the Traveler Aid Society, who said they approved.

Typographical Union Has Election.
(BY A. R. HIGHT WIRE.)
INDIANAPOLIS, June 2.—John McFarland, a member of the local No. 6, N. Y. City, was elected president of the International Typographical Union, defeating Marion G. Scott, who sought re-election, according to an unofficial tabulation of returns compiled at headquarters in Indianapolis. It was announced today.

(BY A. R. HIGHT WIRE.)
SEATTLE, June 2.—Deportation orders were issued today by immigration authorities for August Emanuel Bergman, traveler, said to be the son of wealthy Swedish parents. Bergman previously was held for deportation in 1914, and was sent back to Sweden on funds furnished by his father, it is said. He returned by way of London last March and on arrival in Seattle was arrested by police on request of San Bernardino, Cal., authorities.

It is alleged Bergman tried to marry San Bernardino girl when in this country in 1914, but her father objected. Deportation is being made on the ground that Bergman is an undesirable alien, immigration officials said.

ALTERNATIVE ROUTE TO SAN DIEGO O.K.
(BY A. R. HIGHT WIRE.)
SAN FRANCISCO, June 2.—The Railroad Commission authorized the Motor Transit Company today to establish an alternative route for the service between Los Angeles and San Diego, providing that when the company's buses leave either Los Angeles and San Diego fully loaded they may go by way of Telegraph Road, thus avoiding heavy traffic on the Whittier-Pullerton and Orange Roads. The stipulation the company agreed not to handle local passengers between Los Angeles and Santa Ana along Telegraph Road.

WAR VETERAN LOSES HIS FRENCH FIANCEE.
(BY A. R. HIGHT WIRE.)
NEW YORK, June 2.—Priority as a sailor proved an unavailing argument today in the case of former Sgt. Ray Hewlett of Findlay, O., whose overzealous French fiancée, Miss Raymonde of Amiens, was married to Nicola Rappa, an Italian tenor, whom she met on the steamer La Saville while touring here to meet her American betrothed.

The ceremony was performed before witnesses from the Traveler Aid Society, who said they approved.

Typographical Union Has Election.
(BY A. R. HIGHT WIRE.)
INDIANAPOLIS, June 2.—John McFarland, a member of the local No. 6, N. Y. City, was elected president of the International Typographical Union, defeating Marion G. Scott, who sought re-election, according to an unofficial tabulation of returns compiled at headquarters in Indianapolis. It was announced today.

LOWDEN PROHIBITING EXTRAVAGANT CLAIMS.
BALTIMORE DUST-THROWING AND BLATANT TALK DON'T SUIT CANDIDATE.
(BY A. R. HIGHT WIRE.)
CHICAGO, June 2.—Orders came from headquarters yesterday for Lowden boomers to get on the job. Monday the field workers were agitating the atmosphere with claims that the Illinois Governor had things loaded to the mast. This had the effect of stirring up other camps to renewed efforts, and the combined guns of the opposition were being turned on the Lowden stockade. It was also held that too much of the Lowden strength was being disclosed to the delegates at this stage of the game.

This gave the opposition a line on the Governor's resources, and reports from rival camps immediately went to work to wash away some of the Lowden delegates.

Lowden headquarters swarmed with visitors yesterday, and there was a line of national committeemen waiting at the Blackstone Hotel to interview the Governor, who was unable to see them because of illness.

Even the Wood delegates from Missouri announced that they were friendly to Lowden, and will vote for him if it appears Gen. Wood cannot get the nomination.

DEADLOCK REPORTED IN TRACTION STRIKE.
FRESNO STREET-CAR MANAGER FLATLY REFUSES OFFER OF ARBITRATION.
(BY A. R. HIGHT WIRE.)
FRESNO, June 2.—In two formal statements, issued to the public here today in regard to the Fresno street-car strike, now in its sixth day, the newly organized Commercial Industrial Association, Inc., of this city, officially offered its services to arbitrate the strike differences, and General Manager F. J. Webster of the Fresno Traction Company flatly refused the offer in a signed statement. Both sides reported a deadlock today. The strikers claimed they carried 16,000 passengers in their automobiles yesterday and predicted the figures would reach 30,000 for today's business. The automobile service is free to the public, but contributions are accepted. A dozen more autos were added to the strike service this morning. The strikers are driven by strikers and their wives. The company was operating twenty cars slowly, but reported only a handful of passengers.

URGES GRANGE TO TRY THE BANKING BUSINESS.
(BY A. R. HIGHT WIRE.)
ABERDEEN (Wash.) June 2.—The Washington State Grange, in the address of President William Busch, was urged today at its annual convention to embark on a program of banking and manufacturing. The Grange was advised to elect a legislative body, one of its first acts to be to repeal the antitrust act, aimed at the Industrial Workers of the World.

Busch also urged the election of a Congress which would place railroads under government ownership and make profiteers pay the war debt.

MISSING DINUBAN IS LOCATED IN CHICAGO.
(BY A. R. HIGHT WIRE.)
DINUBAN, June 2.—Dana G. Amenden, vice-president of the Dinuba Chamber of Commerce, who had been given up by friends and relatives as dead since his mysterious disappearance May 15, was heard from today in Chicago. His former business partner here received a letter from him stating that he had disappeared merely because he was tired and would not return. Amenden left valuable property interests here, according to former business associates.

New Job for Chilean Consul.
(BY A. R. HIGHT WIRE.)
SAN FRANCISCO, June 2.—Arthur Lorea, Consul-General of Chile in San Francisco for nine years, said he had received notice of his appointment as vice-president of the government railways of Chile. Lorea will be succeeded June 15 by Marcos Garcia Huidobro, former Consul-General at New Orleans and lately acting Consul-General at Antwerp, Belgium.

GIRLS TO DRIVE AUTOS ON FARM.
(BY A. R. HIGHT WIRE.)
LINCOLN (Nebr.) June 2.—As a possible aid to the shortage of farm help, fifty young women and girls today began a course of instruction at the University of Nebraska farm in driving automobiles.

Kirschbaum Clothes For Men

It isn't alone the price tag—but rather the suit to which it is affixed—that determines the bigness of the value. And these are clothes of the very finest quality—materials, workmanship and design. They come from the Kirschbaum shops. As for the price, it has been marked upon a margin which is unusually close.

ials, workmanship and design. They come from the Kirschbaum shops. As for the price, it has been marked upon a margin which is unusually close.

FLAMING, ITCHING SKIN DISEASES

Cause Untold Suffering that Could Be Avoided.

Diseases of the skin come from beneath the surface, hence they can be reached only by remedies that penetrate down to their very source. If you are afflicted with eczema, tetter, urticaria, ringworms, pimples, acne, scaly eruptions, boils, irritations of the skin, or other similar disorders, you need not expect any real relief from local applications, and the sooner you discard their use, the sooner you will be on the road to recovery, provided you will rely upon the use of S.S.S.

But these remedies cannot possibly have any real curative effect upon the trouble, because your disease comes from far below the surface. S.S.S. is one of the most satisfactory remedies for diseases of the skin because it goes direct to the seat of the trouble, and by cleansing the blood of all impurities and disease germs, it keeps the skin free from infection, and restores it to its normal, healthy condition. For free expert medical advice regarding your own case write fully to Chief Medical Adviser, 605 Swift Laboratory, Atlanta, Ga.

COCOTON

restores the scalp to its normal condition, and cures all scalp diseases.

APPLY POSITIVE END DIST OF IT

It isn't the quantity you put on your skin that counts; it is the quality. The quality of the product is what counts. It is the quality of the product that counts. It is the quality of the product that counts.

PEN POINTS.
BY THE STAFF.

Delegates are being added to the Wood pile.

What has become of the old-fashioned hot chicken sandwich?

Handkerchiefs are also going and that is something to be anxious about.

There would be more tea and coffee at the captain's party.

Another thing to worry about is the Venus in suffering from a sun-powder shortage.

A new method of committing suicide is to take a jugger of wood and with a ripe alive in it.

The return of the United States is almost as delicate as a wasp's nest.

We have come to the sober conclusion that the volunteers are taking a howl about that house.

Another thing, some of the potential candidates who are withdrawing now don't have a lot to go.

Looks as if Alty-Geb, Palmer, entirely too easy to be at the head of a rough country like the United States. He would be afraid to be in the dark.

A seven-legged calf has been back in Kansas. But we can't say when a boy that we had children served for the family dinner had more legs than that.

If a woman goes to the country to get a dozen eggs she usually asks the grocer if they are fresh. What is his answer? I don't know. How could it be any other way?

Look at Europe, famine on the side and increased armaments on the other. Isn't it a delightful picture for those who fondly imagine that the world was going to be made safe for democracy?

With the high price of sugar it is possible that sorghum will be grown. Middle-aged folks from the East remember mighty well when it was extensively used.

Georges Carpentier has signed contract to appear during the season with a circus and has also commenced his work. Carpentier like the other fighters, thinks good policy to make hay while the sun shines. And the American people will stand in line to pay the money to see the bruiser.

It is proposed to place the statue of an American Indian in the city of Rome. Well, we have quite a lot of red men to be honored. Massasoit, King Philip, Red Jacket, Geronimo, Osage, Red Cloud, Sitting Bull, Geronimo, Joseph, and many others. The American people will stand in line to pay the money to see the bruiser.

The announcement of Alty-Geb, Palmer, that prices are about to come down is usually made on a Friday. To give a golden glow to the departing week. People to their baths Saturday night with a murmur and enter heartily to Sunday worship. But on Monday morning the trend is upward and everything is gloom until the Saturday, when Palmer again comes to the front with his resolute plan.

The lack of harmony between the Department of Labor and the Department of Justice over the detention of aliens is conspicuous. The Department of Justice makes arrests. The Department of Labor makes wholesale releases. The conclusion is that the administration of the law is being introduced. Either Alty-Geb, Palmer or the Assistant Secretary of Labor, Mr. Post, ought to be put so far both have been put in.

INVOCATION TO THE ELEPHANT
Great Elephant! I humbly kneel before you.
With faith and loyalty support you.
And hope with open, frank, sincere confession
To make under for every sin.
Give ear, I pray, unto my supplication.
I want the Presidential nomination.
I do repeat that ever I confess you.
To Hades, where your best friend couldn't find you!
I spoke of you as dead! Alas! wonder.
That I could make such an error.
For speaking strident truth—silly trammels—
The elephant's the longest-lived mammal.
I now regret my past undue devotion.
Forgive! Forget! I want the nomination.
Some editors who once attacked me
Are mentioning me now with kindly.
And men whose wealth once was theirs to me have helped
Now give me timely aid, for which I'm grateful.
In words that soared and shone like skyrockets
I scored 'em all—abused 'em—
If THEY take me at my own word.
Then why not YOU? I want the nomination!
Great Elephant! Majestic and majestic!
Again I'll turn on you my adoration.
I'll summon all my kinks for you
Undoing.
With virtuous, alabaster eyes
My vast machine I'll set to work
And beat you—if I don't get the nomination!
A. BIVAN

Coulter's 15th Annual June Sale

Save Your Fine Linens Use These Imported Cottons

Picking a good one

Gibbs SPLIT-BELT UNION SUIT

Choosing underwear is like picking roses—pick a good one and you win. You can't lose on Gibbs Split-Belt Union Suits. You want comfort—cool comfort. That's why we make them of Gibbs Interlooped Fabric—light, soft, soothing to the skin. You're clothed in a layer of cooling air cells that carry the heat away from the body—cooling it without chilling it.

Woven muslin underwear swells tight, when soaked with perspiration—sticks like glue to the body. No comfort in that. The split-belt (patented) gives large seat-opening yet closes without wrinkles, unevenness or discomfort. It's elastic, too.

Fighting Tigers Pounce on Howard's Pets. VERNON MAULS OAKLAND.

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, June 2.—Vernon is supposed to be "weak against left-handed pitching, and that's why Harry Krause was shoved against them today. It may be argued that Harry is not much of a left-hander any more, but, anyway, he had no terror for the left-handed hitters, for two of them, Maguire and Chadbourne, had a snap with his offerings and they had a lot to do with Vernon's winning, 6 to 4.

The score would not have been that close had Johnny Mitchell not failed to get his legs together and stop an easy hopper from the bat of Miller in the sixth. That little lapse let two runs over and knotted the count at three-all. Willie Mitchell pitched better ball than Harry Krause and he would have had a peave coming had that little misstep of the other Mitchell cost him his victory.

BROOK BUNTING.

The Tigers showed how to vary an attack, by suddenly beginning bunting in the eighth inning and that won the game for them. Chadbourne began it by beating out a bunt. Fisher also laid one down and when Krause fielded a second, Fisher landed an first safely. Babe Borton laid the ball down the third-base line and although Krause tried to head Chadbourne off at third base, his throw was late and the bases were checked.

POPS UP.

Tommy Long tried to break up

SERAPHS BUST OLD HORSEHIDE.

(Continued from First Page.)

of combat had lifted the \$10,000 price of their value had dissolved into a farthing rusk. It was Kamm that started the bear's tantrum in the third inning when he threw McAnley's head over Krause's head, allowing Oie Crandall to score.

Then O'Connell, whom Secretary Putnam picked up in the sticks around Sacramento last winter, came into the sunlight for his little stunt. Crawford elevated one toward the center fielder, in the last part of the seventh, O'Connell, seconded by something in the far off ether and temporarily lost track of things mandana. His team major hit "Run the smoke run," but the enraptured youth was not part and parcel of this earth and heeded them not. The apple, therefore, sailed about twenty feet over his head and almost hit the centerfield fence. Eddie Harr's swing did chimney as he loomed down "Nix on the ough stuff" in his book of prospects.

LAY ON FIRE.

Killefer's crew just measured the pit in the third inning. The curtain of fire was something like this: Oie Crandall walked. Killefer bounded one over Kamm's inexperienced head. Killefer trundled at easy one to Kamm, who, overanxious, tossed high to Krause and by the time Phil had gloined the ball, the Crandall had crossed the plate. Killefer landed at third and McAnley at second. Karl Crandall, fascinated by over Certebe's head, talking Killefer. It was here that Cough was sent in to relieve Lewis. Griggs was safe at first, when Kamm held his right toe long to throw him out at first. Crawford almost saved Oie's leg with a heavy swing down the first base line. Sam was safe. McAnley scored and the bases sagged with Angelle talent. Basmer walked, scoring in Karl Crandall. Basmer

the game, but he popped out. Red Smith had his jaw stuck out a foot and the old determination all over his face when he began swinging at the ball. He drove one foul into the bleachers and then followed with a line drive to left that nearly knocked Mack Miller down. Chadbourne scored after the catch. DeVormer hammered a hit to center and Fisher scored.

DeVormer took a lead off first base and drew a throw, and while he was fiddling around between first and second, Cooper got hold of the ball and threw it away, trying to nick Borton off third base. That let Borton score the third run of the inning. A hit by Spellman, a wild throw by Willie Mitchell and an infield out let the last Oakland run over in the ninth. The score:

still gutted. Mills rifled a beauty bright to center, scoring Griggs and Crawford. Master De Vitales here assumed the mound.

BERT SINGLEH.

Niehoff singled through second, scoring Basmer and putting Rube on second. Oie Crandall sacrificed De Vitales to Caveney. Killefer went out. Caveney to Krause. Mills goes home and Niehoff to third. McAnley rammed a terrific one right at Caveney, the ball bounding upward as it reached the nifty shortstop, shooting like a maddest gyrator into the air and seeking succor of toll in left center. Niehoff tottering home. Oie Crandall's head bundled a deceptive one at Kamm, which the third sacker found too high to negotiate, but Griggs ended the terrific slaughter with a fierce line drive right into the mitts of Krause. Nine runs and the Lord knows how many hits.

Nothing daunted, the league leader hit right back with berserker rage in the very next inning. They ringer De Crandall good and hard. Doe, however, was ailing somewhat with a sore arm and feeling the debate about to arrive, especially when De Vitales mauled him for a triple to the scoreboard, he auto-suggested himself out of the game and Lefty Thomas assumed command.

NASTY BOUND.

The Seals kept up a tantalizing sniping for the next four innings and staged a two and three-quarter per cent rally in the ninth, thanks to a mischievous bound of Walsh's easy grounder to Griggs, which tilted Art outrageously as it was apparently about ready to catapult in his expectant mitts. It darted at a tangent to the left of him and for-trotted to right. Thine looked equally for a moment, when Master Schick was sent in to pinch hit, with Kamm on second and Connelly on first, but Morris hit into a double play and De Vitales popped to Basmer.

Graham swung his pitching ace in Lewis, but that worthy was blasted no hard in the third inning that Secretary Putnam in a fit of mingled rage and humiliation took upon himself the burden of the heaver's grievances and actually underwent the cooling influence of the shower himself.

Cough relieved Lewis, but it was simply exchanging one misery for another, and then De Vitales faced the music. It was lucky for the last named that the Angels were thoroughly exhausted when he assumed command, or otherwise he would have shared the same fate as did his mound brothers. The score:

SHAWKEY'S SUSPENSION TO BE LIFTED TODAY.

(EXCLUSIVE DISPATCH.)

NEW YORK, June 2.—President San Johnson of the American League, who came here to confer with John Heydler of the National League, announced that Shawkey, the Yankee pitcher, who was suspended for getting into a battle with Empire Hildebrand in Boston last week, would be restored to good standing tomorrow. Johnson will impose a heavy fine on the Yankee hurler.

Johnson and Heydler discussed the chairmanship of the national commission, which is still without a head. They are deadlocked on the appointment and as a chairman just now does not seem to be a necessity they will go along for a while longer and conduct the business of the commission themselves.

MARKET CHIEF HERE.

Edward A. Foley, first foreign-market secretary of the Department of Agriculture, arrived at the Van Nuys last night on a short business trip in the West. Mr. Foley will be in Los Angeles several days studying conditions.

MAJOR LEAGUE RESULTS.

ST. LOUIS ANNEXES THREE OUT OF FOUR.

The Best Way of
Practicing Dentistry
THERE is only one way to practice
good dentistry at a moderate
price to patients, and that is on a
large scale and according to a system.
Dentistry has too many branches and
too many details for one man to do it
well alone in a small office.
There is extracting, filling, treating,
artificial plate-making, crown and
bridge work, examinations, receiving
patients, bookkeeping, collecting,
prescribing, buying supplies, pay-
ing bills, and many other business
details to be looked after.
Under the E. R. Parker System a number of Registered
dentists, mechanical dentists, graduate nurses, stenog-
raphers, bookkeepers and attendants work together in
much the same way as banks and other successful busi-
ness enterprises are conducted.
Each has some particular kind of work to do, and thus
becomes expert at it, doing it better and in less time.
Advertisements are put in the papers telling what good
dental work is done by this modern system, and many
patients come in and have their teeth cared for.
In this way better dentistry is given for less money,
where the practice is large, the price can be made
reasonable. This way of practicing dentistry is the modern
way and the best way.
You are invited to call and see what an improvement
has been made in dental work under the E. R. Parker
System. When you call, your teeth can be examined and
valuable advice given without charge.

THE NEW.
IN STORES AND HOMES.
NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.
By Olive Gray.
Up-to-Date:
The hat with drooping transparent brim which lends additional charm to pretty features and conceals defects in those not so lovely. The transparency may be of horse hair, an integral part of the hat itself, or it may be of lace or net, placed as a "fall."
The use of the hairnet lace shawl in forming a handsome blouse. Without cutting, it is possible to utilize these lovely creations which add distinction to the costume for afternoon or evening.
The touch of red in summer dress hobs up annually as a smart feature of frock, hat or bathing suit. This season costume jewelry had joined the scarlet ranks, the new bead strands or gold strings, as well as earrings, bracelets and other jewelry articles being a distinctive fact.
Now is the time to buy!
Furs, not only for summer use, but for all-the-year addenda to the dressy costume. Sales for June are under way at all the leading fur establishments, and bargains are obtainable.
The material for the summer frock. Suddenly summer will appear in unmistakable guise, and we shall want cool dresses, which take time to procure. Summer fabrics are obtainable in the June sales at genuine savings.
Washing Women as Cooks.
Make anything fashionable and forthwith every woman adopts the mode. Just now, it is home cooking, at the national capital. Society women who became active in practical lines of endeavor during the war have turned to cookery as something very much needed in their homes, and, under the guidance of several leaders have taken up cooking for their own more-or-less exclusive establishments, and applying business sense as well as native genius to the work, have found that it pays to cook as well as in satisfaction. Nothing is so close to humanity as the food we eat, and it is strange how the preparation of foods for home consumption ever came to be considered a mental task, rather than an art. If women of brains and culture take up the work in earnest, cookery

Los Angeles Daily Times.
up in neat pasteboard containers, each holding a row of the most wantable of spices—paprika, curry powder, chili powder, celery salt, onion salt, garlic salt—all are there, all are delicious and savory, ready at hand in condensed form, for giving the unusual and delicious flavor to soups, salads and other cookery. Purity as well as convenience is a never-forgotten consideration with the house putting up these seasonings—a house always in the lead in the chariot race for the newest in its line.
Cosiness into Her Own.
"Now you know," said the stout woman, "we really are in the majority, and yet how little consideration is given to us when they manufacture clothes!" But she should not have said so, for recently if not heretofore, stout figures are given much thought by those making frocks, wraps, underthings and especially corsets. Why, one line is even named "stout" linking with the term that of "stylish" to take

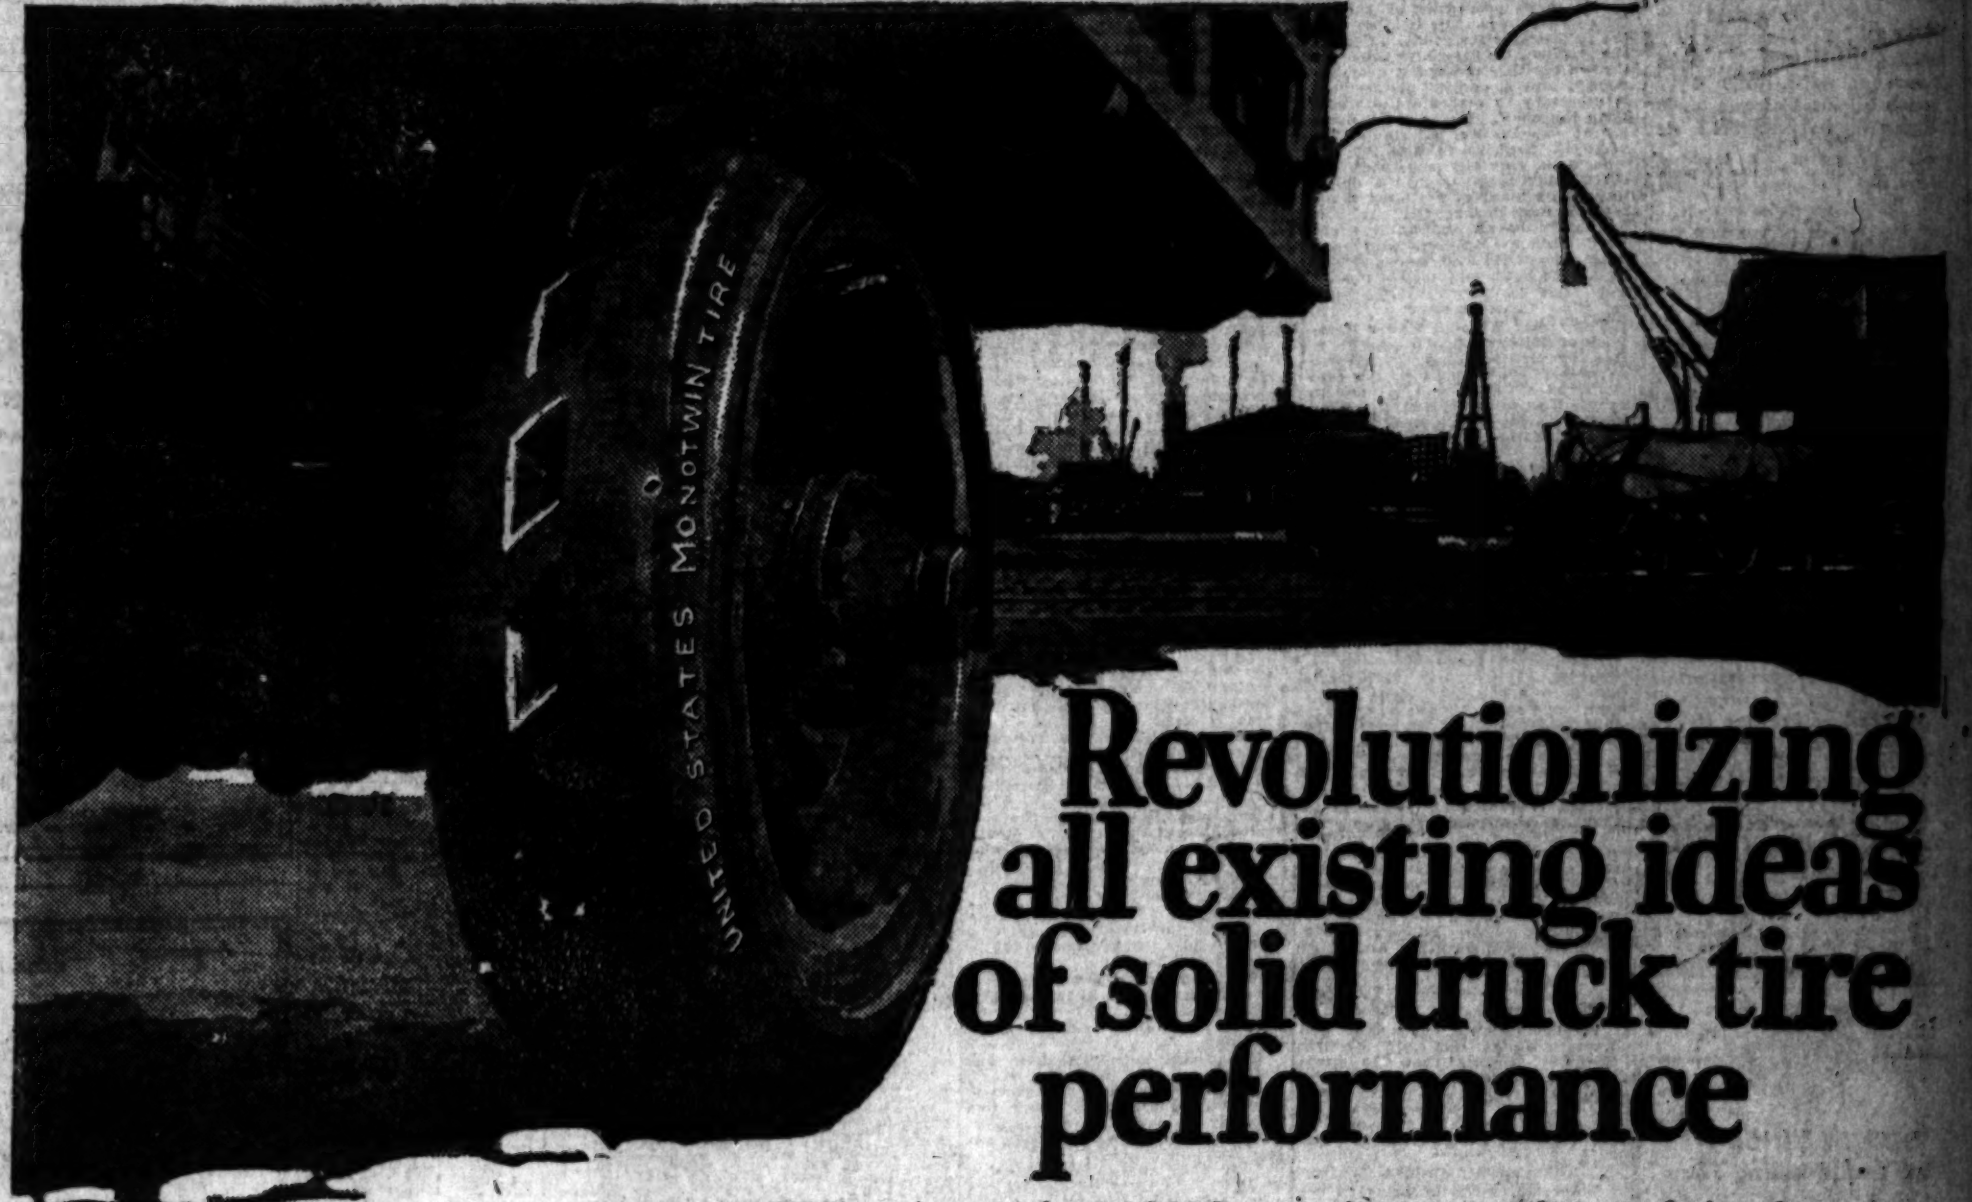

of any uncomplimentary turn. Recently I observed the statements of a certain millinery manufacturer to the effect that the stout woman is especially considered in the lines put forth. I had not thought of millinery as leading special consideration for the one of portly figure, but it is true that certain fashions are and others are not becoming to her.
Need for Furs.
Some there are who have laughed at the idea of summer furs as a feminine extravagance pure and simple, and they have emphasized the "simple," but I do not agree. I have often said that we take our change of seasons here in the difference between night and day, and it is true. Daytime corresponds with summer, night with winter; and considering this, we always must provide an extra wrap for evening. What more appropriate, what more delightfully protective than a lovely fur? And since this sort of wrap also furnishes beauty and is serving a double purpose.

may it not rank as an economy in dress?
Men Find Bargains.
If you have thought that men do not appreciate a bargain in wearing clothes for themselves, you should take a peep into that big clothing store which is preparing to "move back." The prices are a "move back," also, to those of former days and men are not slow to recognize favorable price moves, and to take advantage of anything tending to cut old H.C.L. a quilt-like blow.
Silk Glove Days.
The day of the silk glove draws near, and with it comes the realization that silk gloves today are as expensive as kid ones used to be. But these silk gloves are things of beauty, truly. They are, usually, handsomely stitched in contrasting colors, the wrists may be ornamented, they are well shaped and carefully sewed, they come in many modish colorings and best of all, they fit the hand quite as well as do gloves of kid, while at the same time they are very much cooler and much easier to put on when summer's warmth makes us hesitate to don gloves at all.

Some of Fashion's Whims.
Many huge scarf-like effects of tulle are seen.
Fringings are used even on lingerie this season.
The length of skirt depends upon the style of the gown.
Cock feathers are preferred to pardies for day wear.
Afternoon dresses are a trifle longer than usual.
There is more and better-done trimming on clothing.
Salmon color and silver gray is a pretty color scheme.
Spring sportswear is made simply and on slender lines.
A smart spring frock had plaitings of serge to match it.
Cameo brooches in shades of green is favored for day coats.
The cape still holds its own.

GOES TO PRESIDENT.
House Concurs in Senate Amendments to Aqueduct Bill.
Mayor Gardner yesterday received a telegram from Congressman C. Horns announcing that the House of Representatives had concurred in passing the Senate amendments to the Los Angeles Aqueduct right-of-way bill, and that only the expected approval of President Wilson remains to be secured. Local city officials recently went to Washington and urged passage of the bill.
It provides means whereby the city can protect its water supply system, authorizes the sale of government land to the city, and grants Los Angeles the right to occupy lands in three forest reserves.

U.S. Rubber Company Announces the MONOTWIN—a New Truck Tire

Revolutionizing all existing ideas of solid truck tire performance

HERE, at last, is the MONOTWIN—the solid truck tire the whole motor truck transportation world has been expecting.

Accomplishing, at a single stroke, what all the strange-looking solid truck tires—with their slits and slots and other innovations—have been striving for.

The MONOTWIN is built out of grainless rubber—non-splitting. With rubber and base band chemically united—ending base separation.

Its combination of rubber cross bars and depressions represents the greatest advance ever made in solid truck traction—dissipating traction heat and keeping the tire structure cool because of the

radiating qualities of the depressions—acting as a non-skid tread—enabling the tread to wear down uniformly with no necessity for regrooving during the life of the tire.

The MONOTWIN is also alone among solid truck tires in its cushioning qualities—something heretofore pronounced impossible for a solid to have in any degree. Helping the driver—protecting the load.

It can carry a heavier load than two single tires of half the section width—and its distinctive contour and tread enables it to retain its load carrying ability undiminished throughout its life.

It is the one and only solid truck tire of its kind in design and construction. The local U. S. Solid Truck Tire representatives—here named—can supply interested truck owners with any further information desired.

Specify the U. S. MONOTWIN when ordering your new truck.

DAILY TRADE TALK

High Yield Has a New Meaning; Stock Dividend for Goodyear.

BY CHAPIN HALL.

LATEST NEWS OF FOOD PRICES.

Six Staples Advance in Price During May; Three are Unchanged; Three Fall.

A review of food prices for the past month shows that of a list of twelve staple commodities, three have advanced in price, six have remained unchanged, and three have dropped about 1 cent per pound and eggs 1 cent per dozen during the past month on the local produce exchange. Sugar has advanced 3 to 5 cents per pound, bread has gone up about 1 cent per loaf, flour is from 2 to 5 cents per five-pound bag, higher, raisins are up 1 cent per pound, bacon is up 2 to 4 cents per pound and hams are up 3 to 4 cents per pound. Most varieties of beans have remained unchanged during the month, although the pinks have advanced 1 cent per pound. Coffee and lard are retreating at practically the April level.

It is interesting to look back over some of the bond offerings during the last months of the war and immediately after the signing of the armistice. High yield in those days meant an income basis of from 4 to 5 1/2 per cent. Now it is practically impossible to market securities on any such basis as witness the State highway bonds, and later municipals. An otherwise attractive issue of Alhambra school bonds at 4 1/2 per cent went begging when they were offered on Tuesday, and even governments are yielding around 5 per cent based on present prices.

We used to think that if a yield was high there must be something inherently wrong with the security. This rule is still sound, but our conception of that which constitutes high yield has undergone a radical change, for high-grade bonds are paying up to 7 per cent and short-term notes still more.

Investors seem slow to realize the unusual opportunities which investments at these figures mean, or that they are not likely to last long. When a dollar is put to work at the going rate it loses much of its shrunken appearance, throws out its chest, takes on flesh and really bears a reasonably close resemblance to the dollar of 1914.

The bargain counter is filled with the most attractive goods, but after the fashion of bargain hunters, they are thrown together somewhat promiscuously, and a careful discernment is necessary to separate the wheat from the chaff. There are a number of conservative, painstaking investment bankers in Los Angeles who have carefully separated the sheep and the goats, and a dollar invested in many of the unusual offerings now before the public is certain to be an anchor to windward when the coming storm beats against our financial house, which should be built now upon a rock.

Great Western.

The Great Western Power Company of California has been authorized by the Railroad Commission to issue \$1,500,000 of its 7 per cent preferred stock to secure funds to enable it to complete what is known as the Carbu hydroelectric plant on the Feather River.

Goodyear Stock Dividend.

June 14 is the date fixed for the distribution of the stock dividend declared by the Goodyear Tire and Rubber Company. This dividend is of 15 per cent payable to common stockholders of record on the above date, and it totals \$11,123,200. The dividend is in addition to a cash dividend of \$1.00 per share, also voted to pay \$10,000,000 in common and \$10,000,000 in preferred stock, authorized, but unused. After this has been accomplished the Goodyear outstanding capital will be \$11,123,200. The company now has a surplus of \$43,000,000.

Pan-American Directors.

A meeting of Pan-American directors, scheduled for yesterday in the Los Angeles office, adjourned until Saturday for a vote of a quorum. At this meeting it is expected that an extra dividend will be declared. The annual report, it was said at the office or the company yesterday, will not be ready for this meeting. Mr. Doherty having been too busy since his arrival to put the finishing touches upon the document.

Western Gas and Electric.

Samuel Kahn, manager of the Western States Gas and Electric Company, reports that the gross earnings of this company passed the \$1,000,000 mark for the year ending April 30. This represents an increase of \$116,778,000, or 13 1/2 per cent, over the preceding year.

Canceled Orders.

Since the wave of price reductions started a few days ago in the East and spread over the country there has been reported an avalanche of canceled orders from merchants who feared pinching in a falling market. To meet this condition the United Waist League of America has taken steps to compel the completion of contracts. The resolution adopted recites the determination of the members to refuse cancellations and to insist upon acceptance of merchandise tendered for delivery, and that the members protect their interests to the fullest extent of the law. This declaration, if it is followed by other manufacturers, will have a far-reaching effect upon the trade in general, which has come to look upon an order cancellation as an ordinary business transaction, although it has all the elements of a legal contract.

High Cost of Antoin.

In spite of daily stories of growing gas shortage, and the possibility of arbitrary rationing of supplies a little later in the season there is not much slowing down in the demand for pleasure cars, and many of the standard makes are booked through local agents for delivery months hence. Several advances have been made since January 1 and other price boosts impending. Since May 1 five producers have marked up prices between \$100 and \$250 per car. These advances are attributed to increasing costs of materials.

IMPORTANT!

It Had to Come—It's Here— and "MARSHUTZ" first announces Broken Lens Replacement Service

As usual "Marshutz" always rendering the utmost in optical service is again the leader in the field of progress.

Here's the most important progressive step yet taken in the optical profession.

You can now obtain replacement cards from us covering your present glasses, whether purchased from us or not, and for a small payment have them replaced during the year.

This means if you break one or both lenses, we will on presenting this card to us make new lenses, ground to your prescription, without any further cost to you.

The cost of this yearly service is but a fraction of the average cost of broken glasses.

Back of this replacement service, is the National Service Corporation whose replacement cards are being used by the leading optical establishments throughout the country.

So that, purchasing a card from us means that you can have your broken lenses repaired at any optical store from the Atlantic to the Pacific, wherever this replacement service is used. Also, visitors to Los Angeles, having a replacement card, can have their lenses repaired by us, free of cost.

If you are constantly breaking your glasses this lens replacement card will annually save you many dollars and much unnecessary annoyance and worry.

Interested? Ask "MARSHUTZ" for full particulars.

MAY START TWO PERJURY CASES.

Burger Trial to Result Today
in Filing of Charges.

Youths Who Say They "Lied"
to Grand Jury on Grill.

Commissioner's Third Accuser
Sticks to His Story.

Growing out of the trial of Charles R. Burger, civil service commissioner, for contributing to the supposed delinquency of three youths, Leslie Wheeler, Harry Hanson and William Russell, is a charge of perjury which Chief Dep. Dist. Atty. Doran declared yesterday he will file against Wheeler and Hanson.

These two youths stated on the stand in Judge House's court during the trial that the testimony they gave before the grand jury charging Mr. Burger with undue familiarity with them, was a "lie." They also declared that they were threatened by Dep. Dist. Atty. Clark, which was stated to be the inciting cause for this evidence before the grand jury.

Yesterday the prosecution called witnesses who declared no threats had been used to induce the youths to give incriminating evidence against Mr. Burger before the grand jury.

William Russell, a bright-faced youth, was the prosecution's star witness. The defense, represented by Attorney Hanna and Richardson, insisted that the youth has received very great assistance from the District Attorney's office in various ways for the purpose of using his interest in this case.

Wheeler and Hanson declare on the stand that Mr. Burger was an honorable man, and the best friend they ever had. He treated them courteously and in a gentlemanly manner. Russell, on the contrary, went into details of the events growing out of Mr. Burger taking him to his home in Pasadena after he gave him \$10.

Subsequently he was taken to Mr. Burger's home. He said he usually went to Mr. Burger's home after a judge's meeting which Mr. Burger attended.

With the boy's description of what he said happened in Mr. Burger's bedroom, which both occupied, the prosecution closed its case late yesterday afternoon. The defense opened with a denial of any improper contact on the part of Mr. Burger. A large number of character witnesses will be called in Mr. Burger's behalf. The evidence will interest in these and other boys in order to help them along the straight and narrow path.

Before court adjourned yesterday afternoon Attorney Hanna moved for directed verdicts on all the counts.

Judge House granted the motion as to Leslie Wheeler and Harry Hanson, but denied the motion as to William Russell. The defense then confined itself simply to the evidence of Russell who did not contradict his evidence before the grand jury as to the charged improper actions of Mr. Burger.

City Attorney Burns announced yesterday that, although urged by friends to become a candidate for District Attorney, he has decided not to run.

"I was elected City Attorney in the spring of 1919," said Mr. Burns. "for a term of two years and I feel that I would be violating the trust reposed in me were I to seek another office, carrying a higher salary, before finishing the task which has been entrusted to me."

SHARP ADVANCE IN SUGAR PRICE.

Wholesale Figure Shows to
New Level; Retail Will
Follow.

The wholesale price of
sugar was advanced yesterday
to \$27.95 per 100 pounds.

This means that as soon as
the retailers dispose of their
present holdings the consumer
must pay 30 cents per
pound for the commodity.

A number of dealers are
fairly well stocked at the old
prices, which warrant distribu-
tion at 25 or 30 cents, but,
according to leading mer-
chants yesterday, this stock
will not last long.

They advise housewives
who have been waiting to buy
canning supplies in the hope
of lower levels to wait no
longer.

WILSON UNSTINTED IN APPROVAL OF RECORD.

PRESIDENT SENDS THANKS TO
EUGENE MEYER, JR., FOR
WAR WORK.

"You have served the government
in various important capacities dur-
ing the war and since in a fine
spirit of unselfish patriotism," says
President Wilson in a letter, writ-
ten on May 21, to Eugene Meyer,
Jr., who four days before had sent
to the White House a letter resign-
ing the position of managing
director of the War Finance Corpora-
tion.

Eugene Meyer, Jr., was born and
brought up in Los Angeles. He was
appointed a member of the War Fi-
nance Corporation directorate in
May of 1918, and became managing
director in January, 1919. In his
letter of resignation to President Wil-
son, which became effective on May
31, Mr. Meyer said he would not
have asked for release except for
the fact that all important activities
of the corporation have been
brought to an end, and that affairs
are now in the hands of a staff
amply competent to carry out liq-
uidation.

President Wilson, who closed his
letter with "high regard and best
wishes," said: "I cannot permit
the occasion of your resignation to
pass without expressing my deep
appreciation of the notable and
loyal service you have rendered to
our country with the single aim of
performing the duties of a patriotic
American."

LOVE IS INCURABLE.

Husband Being Sued for Divorce
Says Door Open for Wife's Return.

"The only incurable disease I
have is my love for her," said James
A. McKelvey in Judge Craft's court
yesterday, where he was ordered to
pay his wife \$15 a week for her
support until her divorce suit is
tried or they become reconciled. The
wife, Mrs. Bessie B. McKelvey, who
said she was married in 1914 and is
the mother of three children, de-
clared she was afraid of her hus-
band because of his alleged cruelty.

The court after the hearing told Mr.
McKelvey he should have treated his
wife with more consideration. Mr.
McKelvey replied:

"The house is wide open for her
to come back any time she cares
to."

He took his wife by the arm and
they engaged in an earnest talk as
they left the courtroom.

AUTO AND CAR BUMP.

Three Members of Police Force,
One Civilian are Injured.

Three police officers and a civilian
were slightly injured and a police
automobile was wrecked early yester-
day as the result of the collision of
the automobile with a street car
at Ninth and Figueroa streets.

The officers and the civilian were all
treated at the Receiving Hospital
and then removed to their homes.

Frank Wayland, Tom Dolan and
J. A. Whalen, the police officers, were
all treated for lacerations about the
body, while Harry Knox, 31 years of
age, the civilian, was bruised about
the head and face.

The accident, according to the
police, was caused by faulty brakes
on the street car.

WEIGHTMAN, TWO OTHERS ACCUSED

Criminal Attacks Charged by
Girl of Fourteen.

"Wild Bill" and Friend Out
on Own Recognizances.

Judge Ready to Dismiss Case
Against Third Man.

William ("Wild Bill") Weight-
man, former millionaire racing
driver; Stanley Kargus and Elmer
Norman appeared in Justice Court
yesterday to face charges that they
committed statutory offenses against
Myrtle Farrington, 14 years of age.

All three men are in the service,
Weightman being sergeant in charge
of the local quartermaster depot.
Kargus is a son of Mrs. Ida Castor,
a cafe owner of Monrovia, and Nor-
man has been in the Army seven
years.

Following an appeal by Thomas
J. Goiding, chief inspector of the
quartermaster corps in this city, and
a statement by Chief Dep. Dist.
Atty. Doran, Justice Forbes released
Weightman and Kargus on their
own recognizances after partial testi-
mony had been taken. The cases
were continued until June 9 for
additional evidence.

Elmer Norman appeared before
Justice Hanby, who said he would
dismiss the case unless additional
evidence is produced. He granted
a continuance until June 17 for
that purpose upon request of Dep.
Dist. Atty. Phila. Mrs. Myrtle Far-
rington, 1311 North Broadway,
mother of the girl, testified that she
was sorry Norman had been drawn
into the case. The girl told her
story and the defendant took the
stand, denying the charges against
him, but saying he did take her
home on three occasions. Ray Bar-
nett, representing Earl Rogers, ap-
peared for all three defendants.

BARRY CONFIRMED ON POLICE COMMISSION.

The appointment of David N.
Barry to the Police Commission was
confirmed yesterday by the City
Council. There was no opposition,
though Councilman Farmer asked to
be excused from voting. He had
desired to have Dr. Lloyd Macs ap-
pointed to the place. Mr. Barry
will be sworn in at once and will sit
at the meeting of the commission
next Tuesday.
